Title of course/training/curriculum	Brief Description
01 STN The Trauma Team From Prehospital Through the ED	Nurse Educator. Knowledge and skills based training specific to course and training topic
02 STN Emergency Preparedness	Nurse Educator. Knowledge and skills based training specific to course and training topic
03 STN Mechanism of Injury	Nurse Educator. Knowledge and skills based training specific to course and training topic
04 STN Hemorrhagic Shock	Nurse Educator. Knowledge and skills based training specific to course and training topic
05 STN Traumatic Brain Injury	Nurse Educator. Knowledge and skills based training specific to course and training topic
06 STN Maxillofacial and Ocular Injuries	Nurse Educator. Knowledge and skills based training specific to course and training topic
10 STN Abdominal Trauma	Nurse Educator. Knowledge and skills based training specific to course and training topic
21st Century Cures Act Information Blocking	Knowledge and skills based training specific to course and training topic
340B ACE Certification	Description: Apexus Certified Expert training is an in depth training regarding 340B and all components in how to run a compliant program. It is administered by the 340B prime vendor Apexus.
340B Drug Pricing Program	Overview of 340B Program and Pricing at the Univesity of Utah
340B Drug Pricing Program	Participants will gain a basic understanding of the 340B program, its importance to University of Utah Health and compliance requirements to maintain eligibility for the 340B program.
3M Chemical Management System Training & Chemical Training	Hot to properly and safely dispense chemicals from the 3M System and how to safely utilize other chemicals in our dept.
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 1 ICU: Assessing and Managing Pulmonary Edema, RVMI, Cardiogenic Shock, and Other Complications of ACS	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 1 ICU: Assessing the Cardiovascular System in Critically Ill Patients	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 1 ICU: Diagnosing Acute Coronary Syndrome	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 1 ICU: Pre- and Post-Procedure Care for Noninvasive and Invasive Cardiac Procedures	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 1 ICU: Treating Patients with ACS: STEMI, NonSTEMI, and Unstable Angina	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 2 ICU: Assessing and Managing Aortic Aneurysm, Dissection, and Repair; Carotid Artery Stenosis and Peripheral Vascular Disease	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 2 ICU: Assessing and Managing Pacemakers and ICDs	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 2 ICU: Assessing and Managing Patients with Long QT Syndrome, Electrophysiologic Studies, Radiofrequency Ablation, External Cardioversion and Defibrillation	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 2 ICU: Cardiac Tamponade, Hypertensive Crisis, Acute Cardiac Inflammatory Diseases, and Septal Defects	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 3 ICU: Assessing and Managing Patients with Cardiomyopathies	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 3 ICU: Assessing and Managing Patients with Heart Failure	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 3 ICU: Assessing and Managing Patients with Stenosis or Regurgitation of the Aortic and Mitral Valves	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 4 ICU: Assessing and Managing Patients Undergoing TAVR	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 4 ICU: Cardiac Surgery: Post-op Management: First 24 hours Through Discharge	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Cardiovascular Disorders: Part 4 ICU: Cardiac Surgery: Preop and Intraoperative Management	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Endocrine Disorders ICU: Assessing and Managing Patients Requiring Insulin Therapy to Prevent Hyperglycemia	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Endocrine Disorders ICU: Assessing and Managing Patients with Diabetes Insipidus, SIADH, and Cerebral Salt Wasting	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Endocrine Disorders ICU: Assessing and Managing Patients with Diabetes, Hypoglycemia, DKA, and Hyperosmolar Hyperglycemic Syndrome (HHS)	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Endocrine Disorders ICU: Assessing and Managing Patients with Hyper/Hypothyroidism and Hypo/Hyperparathyroidism	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Endocrine Disorders ICU: Assessing Endocrine Function	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing Patients with Acute GI Bleeding	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing Patients with Acute Pancreatitis	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing Patients with Enteral and Parenteral Nutrition	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing Patients with Intra-abdominal Hypertension	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing Patients with Liver Failure	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Assessing and Managing the Patient with Bowel Disorders; Ileus, Ischemia, Obstruction, Infarction; and Abdominal Trauma	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic

AACN: ECCO 4.0: Caring for Patients with Gastrointestinal Disorders ICU: Diagnostic Testing for Gastrointestinal Disorders	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Hematological Disorders ICU: Assessing and Managing Thrombocytopenia, Heparin-Induced Thrombocytopenia, and Disseminated Intravascular Coagulation	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Hematological Disorders ICU: Assessing Hematologic and Coagulation Laboratory Values	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Hematological Disorders ICU: Assessing, Managing, Preventing Complications for Patients Receiving Transfusions	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Hematological Disorders ICU: Assessing, Preventing, and Managing Patients with Anemia, Venous Thromboembolism, and Drug-Induced Coagulopathies	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Multisystem Disorders ICU: Assessing and Managing Patients with Alcohol Withdrawal and Drug Overdose	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Multisystem Disorders ICU: Assessing and Managing Patients with Necrotizing Fasciitis and Rhabdomyolysis	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Multisystem Disorders ICU: Assessing and Managing Patients with Sepsis, Septic Shock, and MODS	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Multisystem Disorders ICU: Assessing and Managing Patients with Shock States	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 1 ICU: Increased Intracranial Pressure Assessment, Brain Herniation, and Death by Neurologic Criteria	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 1 ICU: Invasive and Non-invasive ICP Monitoring, Management, Waveform Analysis, and Cerebral Fluid Devices	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 1 ICU: Neurologic Assessment Techniques	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 1 ICU: Neurologic Diagnostic Testing, Imaging and Lab Value Assessment	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 2 ICU: Assessing and Managing Patients with Central Nervous System Infections, Seizures, and Status Epilepticus	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 2 ICU: Assessing and Managing Patients with Hemorrhagic Stroke	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 2 ICU: Assessing and Managing Patients with Ischemic Stroke	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Neurologic Disorders: Part 2 ICU: Assessing and Managing Patients with Traumatic Brain and Spinal Cord Injuries	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: ABG Analysis, Oxygen Delivery, Airway Management, and Non-invasive Positive Pressure Ventilation	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: Assessing and Managing Patients with Pneumo and Hemothorax, Pleural Effusions, Chest Tubes and Undergoing Thoracentesis	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: Assessing and Managing Patients with Thoracic Surgical Procedures, Thoracotomy, and Pneumonectomy	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: Assessing and Managing Pulmonary Emboli, Pulmonary Hypertension, Pneumonia, Asthma/Status Asthmaticus, and COPD	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: Assessing and Managing Respiratory Failure and ARDS	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 1 - ICU: Assessing, Diagnostic Testing, and Monitoring for Pulmonary Disorders	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 2 - ICU: Invasive Mechanical Ventilation: Priorities for Endotracheal Intubation, Tracheostomy Care, Ventilator Settings and Troubleshooting	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Pulmonary Disorders: Part 2 - ICU: Spontaneous Awakening and Breathing Trials, Neuromuscular Blockade, Ventilator Weaning, Extubation Priorities, and Preventing Complications From Mechanical Ventilation	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 1 ICU: Assessing and Managing Acute Kidney Injury, Acute Tubular Necrosis, and Contrast-Induced AKI	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 1 ICU: Assessing and Managing Fluid and Electrolyte Imbalances	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 1 ICU: Assessing and Managing Patients with Chronic Kidney Disease, Hemodialysis, or Peritoneal Dialysis	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 1 ICU: Assessing Kidney Function	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 2 ICU: Assessing, Managing and Preventing Complications in Patients Undergoing CRRT	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Caring for Patients with Renal Disorders: Part 2 ICU: Continuous Renal Replacement Therapy Principles and Transport Mechanisms; Patient, Filter, and Circuit Maintenance	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 1 - ICU: Caring for Older Adult and Bariatric Patients in Critical Care	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 1 - ICU: Frameworks for Professional Nursing Practice: Meeting Quality and Performance Expectations	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 1 - ICU: Professional Critical Care Nursing Practice	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic

AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 2 - ICU: Palliative and End-of-Life Care for Critically Ill Patients	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 2 - ICU: Preventing and Managing Healthcare-Associated Conditions and Other Complications	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 2 - ICU: Preventing and Managing Pain, Agitation, Delirium, and PICS	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 2 - ICU: Prioritizing and Organizing Your Nursing Care in the ICU	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Global Perspectives in the Care of Critically Ill Patients: Part 2 - ICU: Procedural Sedation and Postanesthesia Care	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 1 ICU: Arterial Catheter Insertion, Management, Waveform Analysis, and Removal	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 1 ICU: Basics of Hemodynamic Monitoring: Components; Ensuring Patient Safety and Accurate Values	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 1 ICU: Central Venous Catheter Insertion, Management, Waveform Analysis, and Removal	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 2 ICU: Assessing and Managing Patients with Functional Hemodynamic and Invasive Cardiac Output Monitoring; Ensuring Patient Safety and Accuracy	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 2 ICU: Assessing and Managing Patients with Pulmonary Artery Catheters; Ensuring Patient Safety and Accurate Waveform Interpretation	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 2 ICU: Assessing Oxygen Demand and Supply; Treating Imbalances	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
AACN: ECCO 4.0: Hemodynamic Monitoring Critically Ill Patients: Part 2 ICU: Priorities for Pharmacologic Management of Preload, Afterload, and Contractilit	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
Abdominal Binder - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Abdominal Wall Defect: Initial Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Aberrant Drug Use Behaviors - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Abnormal Presentation Delivery (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Abuse and Neglect (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Abuse and Neglect of Older Adults - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Abusive Conduct	Required annual training. Reviews acceptable behaviors for hospitals and clinics team members and provides resources to organizational complaint procedures.
Acute Graft-Versus-Host Disease: Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Addiction, Chemical Dependency, and Withdrawal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Admission - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Admission (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Admission Assessment (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Admission Assessment: Newborn (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Admission Assessment: Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Adolescent Competencies for Therapy	Knowledge and skills based training specific to course and training topic
Adult Learning Considerations Preceptor Essentials	Nurse Educator. Knowledge and skills based training specific to course and training topic
Adult Learning Considerations Preceptor Essentials	Nurse Educator
Advance Directive Discussion (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Aggressive Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Airborne Disease Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Air-Fluidized Beds - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
AIRMED ON-CALL	How to properly clean and disinfect the aircraft
Air-Suspension Beds - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Airway Foreign Object Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Airway Positioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Airway Positioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Alaris Pump Training and Vancomycin administration	Hands-on alaris pump training; vanco administration; process if a reaction occurs
Alcohol Withdrawal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Alopecia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Alteplase for Acute Ischemic Stroke	Nurse Educator. Knowledge and skills based training specific to course and training topic

Ambulation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ambulation Aids: Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ambulation Aids: Measuring and Fitting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ambulatory Clinic Facility Tour & Attestation	While taking the new/transfer employee on a tour of their new facility, point out safety and facility items.
Ambulatory Falls Required Documentation	Attestation for Tip sheet that outlines what to document, where to document, and why to document falls in ambulatory settings per NDNQI guidelines
Ambulatory Linear Flow - Basic & Sterilization	This course is designed to foster an understanding of the reusable instrument sterilization process, tailored for ambulatory clinic professionals. From the initial steps of point-of-use care to the details of steam sterilization and the storage of sterile instruments, participants will gain knowledge and review practical skills. The class includes pre-enzymatic cleaning, enzymatic solution preparation, packaging for sterilization, conducting autoclave biological testing, required documentation, and sterile item storage. Participants learn about regulatory guidelines guiding these practices. Show More
Ambulatory Linear Flow – Basic Annual Skills	This hands-on skills day is for ambulatory clinic super users. Participants will identify common practice discrepancies and learn how to manage them by focusing on the linear flow process of instrument management—from point-of-use care to the return of sterilized items for storage. Annual skills demonstrations focus on the critical stages of managing surgical instruments, including post-use management, transportation, cleaning, sterilization, and storage. Through theoretical learning and practical demonstrations, learners will enhance their understanding of their responsibilities as unit super users. This course aims to empower participants to uphold and advocate for best practices in their units, ensuring patient and employee safety.
Ambulatory Linear Flow – Sterilization Annual Skills	This hands-on skills day is for ambulatory clinic healthcare professionals involved in sterilizing and handling reusable surgical instruments. It focuses on enhancing patient safety and adhering to infection control standards, offering participants an exploration of the processes involved in preparing surgical instruments for sterilization, including cleaning, rinsing, drying, packaging, and sterilization. Attendees will demonstrate and refine their skills by applying best practices for peel packaging and wrapping instruments, sterilization, quality monitoring, including autoclave biological testing, and recalling sterilized items when necessary.
Ambulatory MA Skills Day	This is an annual requirement for Medical Assistants in the Ambulatory setting. "Annual is in relation to the fiscal year (FY), not calendar year. The fiscal year runs from July first to June 30th each year. Staff starting after July first of 2025 are exempt from FY26 skills day. For all attendees, the following will be covered: Patient Rooming process Vital sign best practice: correct use of temporal thermometer, BP cuff size selection and placement, medication history, immunization ordering process, USIIS query, ordering immunizations using the close care gaps smart-set Deltoid injection techniques Infection Prevention and Control Specimen Collection and Labeling, including blood banding and fill lines Orthostatic Blood Pressures Weight based dosing for pediatric patients Mock Code
Ambulatory RN Skills Day	This is an annual requirement for Registered Nurses in the Ambulatory setting. "Annual" is in relation to the fiscal year (FY), not calendar year. The fiscal year runs from July first to June 30th each year. Staff starting after July first of 2025 are exempt from FY26 skills day. The topics below are verified for every attendee. PICC dressing change s & how to document Port access/de-access & how to document Urinary catheter insertion , care , and specimen collection, and how to document Mock Code
Amniocentesis (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Amnioinfusion (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
AMPAC scoring	Annual education on how to score a functional tool for mobility, self care and cognition
AMPAC Scoring Training	Knowledge and skills based training specific to course and training topic
Amplitude-Integrated Electroencephalogram (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Amputee Care Across The Continuum	Knowledge and skills based training specific to course and training topic
AMS Annual Education Update	Knowledge and skills based training specific to course and training topic
Analgesia: Removal of Local Infusion Pump - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Anemia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Anesthesia Equipment: Cleaning (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Anesthesia Equipment: Handling and Processing (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Anesthesia Induction (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Ankle-Brachial Index - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Annual department skills training	Hands on training for patient mobility and safelty
Annual Clinical Competencies	Cadaver Lab or Advanced Skills Lab - Annually, Monthly Case Reviews, Aircraft safety check offs - Annually, Summer and/or Winter Survival - Annually, Operating Room and/or Airway Academy - Annually, Annual proficiency for ultrasound (see AirMed US policy), Burn Care Transport Course (BCTC) – Annually or ABLS every 4 years, iSTAT Training - Annually
Annual DHHS Regulatory Training	DHHS requires that we provide training to all staff/providers on our policies, procedures, the Code of Conduct and other DHHS rules.

Annual Transfusionist Training	ARUP: Point of Care
Anorexia and Cachexia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antimicrobial Stewardship	Required annual training. Reviews antimicrobial stewardship practices and guidelines for providers and other clinical staff.
Antimicrobial Stewardship for Clinical Staff	Required annual training. Reviews antimicrobial stewardship practices and guidelines for clinical staff.
Antineoplastic Drug Administration: Education for Safe Handling in the Home (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Intraoperative (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Intraperitoneal (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Intrathecal (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Intravenous (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Oral (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Oral Therapy Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Pretreatment Assessment, Initial and Subsequent Cycles (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Pretreatment Verification (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Subcutaneous (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Drug Administration: Vesicant and Irritant Agents (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Therapy: Dermatologic Adverse Events Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Therapy: Late or Long-Term Effects Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Therapy: Oral Adherence Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antineoplastic Therapy: Sexual Adverse Effects Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antivenin Administration (North America): Scorpion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antivenin Administration (North America): Snake - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Antivenin Administration (North America): Widow Spider - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Anxiety - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Anxiety: Adolescent Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Apexus 340B On Demand Modules	This is a foundational training for the 340B program and gives a high level overview about the 340B program, compliance requirements and resources available for 340B covered entities.
Apgar Score (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Apical Pulse - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Apical Pulse (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Apnea Monitor Education (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Appropriate Communications	Knowledge and skills based training specific to course and training topic
Appropriate Work Conduct	Required annual training. Reviews organizational and hospital policy in relation to acceptable behaviors, the University's non-discrimination policies, and available resources for complaints and remedy.
Aquathermia and Heating Pads - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Aria/Record and verify Module	Basic functions of electronic medical record system for Radiation Therapy
Arterial and Venous Sheath Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial and Venous Sheath Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Blood Gas Interpretation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter Blood Sampling: Closed Blood Conservation Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter Blood Sampling: Stopcock Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter Insertion (Assisting), Care, and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter Insertion: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter Radial Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Arterial Catheter: Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Catheter: Setup and Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Pressure-Based Cardiac Output - Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Pressure-Based Cardiac Output Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Puncture (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial Puncture: Arterial Blood Gas Sampling - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arterial-Venous Oxygen Calculations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arthrocentesis and Intraarticular Injection - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Arthrocentesis and Intraarticular Injection: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Artificial Rupture of Membranes (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
ARUP CC Urgent Care Initial Training	all poc equipment training and pass off - specific to uc
ARUP CC Urgent Care Initial Training	all poc equipment training and pass off - specific to uc
ARUP Cepheid Competency FY25	Annual knowledge and review test for Cepheid testing.
ARUP Cepheid Initial Training	nitial training video module and quiz for Cepheid GeneXpert Xpress COV-Flu-RSV. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Clinitek Competency FY25	Annual knowledge review and test for Clinitek Urinalysis testing.
ARUP Clinitek Initial Training	Initial training video module and quiz for Clinitek Urinalysis testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Coaguchek Competency FY25	Annual knowledge and review test for Coaguchek testing.
ARUP Coaguchek Initial Training	Initial training video module and quiz for Coaguchek PT/INR testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Corrective Action Log	ARUP: Point of Care
ARUP DCA Vantage Competency FY25	Annual knowledge and review test for DCA Vantage Hemoglobin A1c testing.
ARUP DCA Vantage Initial Training	Initial training video module and quiz for DCA Vantage Hemoglobin A1c testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Documentation and Retention FY25	ARUP: Point of Care
ARUP Drager Inpatient Competency FY25	Annual knowledge and review test for Drager Inpatient testing.
ARUP Drager Inpatient Initial Training	Initial training video module and quiz for inpatient Drager TC Bilirubin testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Drager Outpatient Competency FY25	Annual knowledge and review test for Drager Outpatient testing.
ARUP Drager Outpatient Initial Training	Initial training video module and quiz for outpatient Drager TC Bilirubin testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP ED New Hire Point of Care Initial Training	This is a hands-on training for tests or instruments that staff perform in the ED. This class is only for ED New Hires.
ARUP Glucose Competency FY25	ARUP: Point of Care
ARUP Glucose Competency FY25	A review of requirements for continued access to the glucose module, with a knowledge test.
ARUP Glucose Competency Quiz FY25	ARUP: Point of Care
ARUP Glucose Super User Initial Training	ARUP: Point of Care
ARUP Glucose Super User Initial Training	Staff that need to be passed off as a Glucoser Super User must take this module to learn the expectations of the Super User role.
ARUP hCG Competency FY25	ARUP: Point of Care
ARUP hCG Competency FY25	Annual knowledge review and test for hCG testing.
ARUP hCG Competency Quiz FY25	ARUP: Point of Care
ARUP hCG Initial Training	Initial training video module and quiz for Cardinal hCG Testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP hCG Initial Training 2023	ARUP: Point of Care
ARUP HemoCue Competency FY25	Annual knowledge and review test for HemoCue testing.
ARUP HemoCue Initial Training	Initial training video module and quiz for HemoCue hemoglobin testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP ID Now Strep Competency FY25	Annual knowledge and review test for ID Now Strep testing.
ARUP ID NOW Strep Initial Training	Initial training video module and quiz for ID NOW Strep testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Inpatient Glucose Meter Initial Training	Initial Training module for inpatient glucose monitoring. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Inpatient Glucose Meter Initial Training 2023	Initial Training module for inpatient glucose monitoring. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Intro to Point of Care	Introduction to ARUP Point of Care: What is Point of Care? Overview of Quality Control, Logs, and Patient testing.
ARUP i-STAT Competency Quiz FY25	During this course you will review the requirements for continued access to the i-STAT Creatinine testing and complete a knowledge check quiz.
ARUP iSTAT Creatinine Competency FY25	Annual knowledge and review test for iSTAT Creatinine testing.

ARUP iSTAT Creatinine Initial Training	Initial training video module and quiz for iSTAT Creatinine testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Lab Orientation	The first hour of class is a phlebotomy basics course. The instructor will present a slideshow and then demonstrate proper blood draw practice. Attendees will use tourniquets and have hands-on experience with the necessary blood drawing supplies. Additional training can be obtained in clinic. The last 2 hours of class is the Point of Care (POC) skill pass off. Attendees will perform hands-on training for the tests and/or instruments they will be performing in their department. Per University protocols, no finger-sticks or self-testing will occur in class.
ARUP LeadCare II Competency FY25	Annual knowledge and review test for LeadCare II testing.
ARUP LeadCare II Initial Training	Initial training video module and quiz for LeadCare II lead testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP LeadCare II Initial Training	Electronic Medical Record User Training
ARUP Moran Surgery Initial Training	ARUP: Point of Care
ARUP Nexscreen Drug Cup Competency FY25	Annual knowledge and review test for Nexscreen Drug Cup testing.
ARUP Nexscreen Drug Cup Initial Training	Initial training video module and quiz for Nexscreen Drug Cup testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Nexscreen Drug Cup Initial Training	ARUP: Point of Care
ARUP NexScreen Drug Cup Initial Training 2023	ARUP: Point of Care
ARUP Nuclear Medicine Initial Training	How to use glucometer and iStat
ARUP Orientation	This class provides a Basic Phlebotomy Course as well as a Point of Care skill pass off.
ARUP Outpatient Glucose Meter Initial Training	Initial Training module for outpatient glucose monitoring. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Point of Care Skill Pass Off	This is a hands-on training for tests or instruments staff perform in their department. This class is only intended for staff that do not need to do a Basic Phlebotomy Course.
ARUP Primary Care Initial Training	all poc equipment training and pass off - differs per center
ARUP Rose Park Initial Training	This is a hands-on training for tests or instruments staff perform in their department. This class is only intended for staff that do not need to do a Basic Phlebotomy Course.
ARUP Visual Analysis Initial Training	Initial training video module and quiz for visual urinalysis testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
ARUP Visual Urinalysis Competency FY25	Annual knowledge and review test for Visual Urinalysis testing.
ARUP Walk in Lab Initial Training	all lab equipment training and pass off - differs per center
ARUP Xpress Meter Competency FY25	Annual knowledge and review test for Xpress Meter testing.
ARUP Xpress Meter Initial Training	Initial training video module and quiz for Xpress Meter glucose testing. Observation checklist will be marked off after the employee is passed off by a POCC or designated super user.
Asbestos Safety and Awareness	For Facility Management staff to be aware of the safety risks of potential Asbestos containing material. Jan-25
Aspiration Precautions - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Aspiration Precautions (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Aspiration: Prevention and Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Assaults on Nursing Personnel and All UUH Staff Required Documentation	Attestation for Tip sheet that outlines what to document, where to document, and why to document assaults on nursing personnel
ASSE Medgas 6010 & 6040	For Facility Management staff that are required to test and maintain medical gas systems according to code. Every three years per employees certificate
Assessing Readiness to Conclude Orientation	Nurse Educator. Knowledge and skills based training specific to course and training topic
Assessment: Abdomen (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Abdomen, Genitalia, and Rectum - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Cardiovascular - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Focused - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: General Survey - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: General Survey (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Head and Neck - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Intake and Output - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Intake and Output (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Mental Status - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Musculoskeletal and Neurologic - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Musculoskeletal, Neurologic, and Peripheral Vascular (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Newborn Jaundice (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Assessment: Nutrition Screening - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Nutrition Screening (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Obstetric Hypertensive Crisis (Maternal-Newborn) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Postoperative Cardiac Status (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Postoperative Cardiac Status (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Assessment: Postoperative Neurologic Status (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Assessment: Postoperative Respiratory Status (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Assessment: Postpartum Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Pressure Injury and Wound - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Respirations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Respirations (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Rupture of Amniotic Membranes (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Self-Harm and Aggression - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Self-Harm and Aggression in Adolescent Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Thorax and Lungs - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Thorax and Lungs (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Visual Acuity - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Visual Acuity (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Weight and Linear Growth (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Assessment: Weight, Length, and Head Circumference (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
ATCN	designed for RNs to enhance their knowledge and skills in managing patients with multiple traumatic injuries. Focuses on hands-on, scenario-based approach to adult education, emphasizing assessment, resuscitation and management priorities for trauma patients.
ATP Education and Training (Part of Tier 1)	What is ATP Testing, why we use this tool as part of quality monitoring
Atrial Electrogram - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Atrial Electrogram (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Attention Deficit Hyperactivity Disorder: Adolescent Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Autoclave Biological Testing, Loading, and Load Documentation	Nurse Educator. Knowledge and skills based training specific to course and training topic
Autologous Tissue: Collecting, Packaging, and Labeling (Perioperative) CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Autologous Tissue: Reimplantation or Autotransplantation (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Autologous Tissue: Transporting and Storage (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Automated External Defibrillator (AED) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Auto-PEEP Calculation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Autotransfusion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Avoximeter Training	Knowledge and skills based training specific to course and training topic
Baby Friendly Designation - What You Need to Know as Non-Clinical Staff	Hospitals and Clinics. Knowledge and skills based training specific to course and training topic
BABY FRIENDLY EDUCATION	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly Education 2022	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly For Midwives	Knowledge and skills based training specific to course and training topic
Baby Friendly: Discharge and Summary: Protecting Breastfeeding	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly: In the Hospital, Hospital Practices	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly: In the Hospital: Infants and Mothers with Special Needs	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly: Starting Out Right: Preparing for Breastfeeding	Nurse Educator. Knowledge and skills based training specific to course and training topic
Baby Friendly: Support for Newborn Mothers Patient Interaction	Nurse Educator. Knowledge and skills based training specific to course and training topic

Baby Friendly: What Is Baby Friendly	Nurse Educator. Knowledge and skills based training specific to course and training topic
Bair Huggers	Preoperative forced-air warming management
Bariatric Beds - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bariatric Patients: Intraoperative Care (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Bariatric Surgery Basics	Knowledge and skills based training specific to course and training topic
Bariatric Surgery Post Op Complications	Knowledge and skills based training specific to course and training topic
Bariatrics: Cultural Sensitivity for Patients with Obesity	Knowledge and skills based training specific to course and training topic
Basic Handling of Radioactive Materials	How to handle radioactive materials and limit exposure
Basic Radiation Safety	Awareness of sources of radiation and how to limit exposure
Basic simulation module	Treatment planning set-up and functions for radiation therapy
Basic Therapist Module	Daily Essential functions as a Radiation Therapist
Bathing (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bathing: Bed Bath - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bathing: Bed Bath (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bathing: Tub Bath and Shower - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Becoming Baby Friendly It Takes a Team	Knowledge and skills based training specific to course and training topic
Bed Bug Training	How to properly identify and respond to bed bugs
Bed Making: Occupied - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bed Making: Occupied (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bed Making: Unoccupied - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bedpans - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bedside Shift Report Reminders And Updates	Knowledge and skills based training specific to course and training topic
Behavioral Emergency Response Team (BERT)	Behavioral Emergency Response Team (BERT) training
Behavioral Emergency Response Team (BERT) training	in-person training on how to appropriately identify and respond to a BERT situation.
Behavioral Issues - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Behavioral Management Module	Materials to review and sign to work at TSS and YRT
Belmont Set Up	Knowledge and skills based training specific to course and training topic
Belt Restraint: Strategies for Care, Application, and Monitoring - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bereavement Support and Delivery of a Nonviable Fetus (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
BERT training	To teach team members how to identify a BERT (dangerous/aggressive behavior) situation and when to call a BERT.
Betamethasone (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Biannual Mock Code training	Cardiac arrest skills practice for Sleep Wake Center sleep technicians
Bilirubin Meter: Irradiance Measuring (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bilirubin Meter: Transcutaneous Monitoring (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Biophysical Profile (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bipolar Disorder - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Birthing Bed (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bispectral Index Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bispectral Index Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bladder Scan - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bladder Scan (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Administration Training	This module reviews patient identification, sample collection, pretransfusion responsibilities, administration, transfusion reactions, and emergency blood products.
Blood and Fluid Pressure Infusers - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood and Fluid Pressure Infusers: Electronic - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood and Fluid Warmers - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Glucose Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Glucose Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure (Systolic): Palpation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure Measurement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Blood Pressure Measurement Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure Measurement Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure: Lower Extremity - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure: Orthostatic - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Pressure: Upper Extremity - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration	Process for ordering and handling of blood products; administration of blood; recognizing patient reaction and response; documentation
Blood Product Administration (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration: Colloids, Granulocytes, Plasma, and Platelets - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration: Massive Transfusion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration: Red Blood Cells and Whole Blood - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration: Transfusion Reaction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Product Administration: Transfusion Reaction (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Arterial Catheter - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Blood Cultures - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Blood Cultures (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Cultures: Central Line - CE/NCPD	Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Cultures: Venipuncture - CE/NCPD	Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Implanted Venous Port - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Pulmonary Artery Catheter: Mixed Venous Oxygen Saturation- CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Short Peripheral Catheter Syringe and Vacuum Extraction Method - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Vacuum-Extraction Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Venipuncture (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Venipuncture (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Venipuncture Syringe Method - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Specimen Collection: Venipuncture Vacuum-Extraction Method - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Blood Transfusion Education	Knowledge and skills based training specific to course and training topic
Bloodborne Pathogen and Needlestick Prevention	Required annual training. Reviews hospital policy and process for prevention of needlestick injuries and exposures.
Body Jewelry Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Mechanics Training	proper techniques for common day-to-day tasks
Body Temperature Measurement Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Axillary - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Axillary (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Oral - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Oral (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Rectal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Rectal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Temporal Artery (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Tympanic (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Body Temperature Measurement: Tympanic and Temporal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bone Marrow Aspiration and Biopsy: Assisting (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bone Marrow Biopsy and Aspiration: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bone Marrow Biopsy and Aspiration: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Borderline Personality Disorder - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bowel Obstruction Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Brain Attack	Nurse Educator. Knowledge and skills based training specific to course and training topic
Brain Tissue Oxygen Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Brain Tissue Oxygen Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Breast Milk: Collection, Storage, and Administration (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Breastfeeding Education (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Bridging the Gap: Medical Interpreter Training	40-hour nationally accredited interpreter training program that provides foundational skills for medical interpreting in healthcare settings. Core interpreting techniques (consecutive interpretation, sight translation, role boundaries), Interpreter code of ethics and standards of practice, Cultural responsiveness in healthcare encounters, Medical vocabulary and systems; For all new interpreter hires, volunteers approved to interpret, and biingual employees across the organization who will be interpreting for patients and providers
Bulb Syringe (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Burn Wound Care	Knowledge and skills based training specific to course and training topic
Burn Wound Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Burn Wound Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Burn Wound Care (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
BVC for the ED	BRØSET VIOLENCE CHECKLIST
CADD Solis Infusion Pump	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Calcium Gluconate: Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CALM for Suicide Prevention	Knowledge and skills based training specific to course and training topic
Cancer Detection Guidelines Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dermatology department orientation	Online Modules specific to dermatology skills for new hires
Dermatology department orientation - clinical staff	Modules for New Hires for Dept. of Dermatology - Clinical Staff
Capnometry and Capnography - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Caps, Masks, and Eye Protection - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Arrest in the Surgical Suite (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Cardiac Arrest in the Surgical Suite (Perioperative) - CE	Elsevier - Perioperative
Cardiac Monitor Setup and Lead Placement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Monitor Setup with Five-Lead Placement (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Monitor Setup with Three-Lead Placement (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Output Measurement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Output Measurement: Closed Thermodilution Method - CE/NCPD	Cardiac Output Measurement: Closed Thermodilution Method - CE/NCPD
Cardiac Output Measurement: Continuous Cardiac Output Method - CE/NCPD	Cardiac Output Measurement: Continuous Cardiac Output Method - CE/NCPD
Cardiac Output Measurement: Open Thermodilution Method - CE/NCPD	Cardiac Output Measurement: Open Thermodilution Method - CE/NCPD
Cardiac Output Measurement: Thermodilution and Continuous - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Output: Esophageal Monitoring: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Output: Esophageal Monitoring: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Tamponade (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Tamponade Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardiac Toxicity Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cardioembolic Stroke Case Study	Knowledge and skills based training specific to course and training topic
Cardiopulmonary Resuscitation (CPR): Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Care of pacemaker/ICD patient	Process for patient's with a pacemaker / ICD on DOS and PAT call
Care of Pediatric Patient	Identify basic developmental and physiologic characteristics of peds patient; be familiar with any deviations from normal assessment and findings; Increase pediatric preop and postop nursing skills
Care of the Imminently Dying Patient	Knowledge and skills based training specific to course and training topic
CARE tool scoring	Annual training on a CMS mandated scoring tool to measure patient progress
Caring for a Patient with Weighted Traction - CE/NCPD	Caring for a Patient with Weighted Traction - CE/NCPD
Caring for a Patient with Weighted Traction (Pediatric) - CE/NCPD	Caring for a Patient with Weighted Traction (Pediatric) - CE/NCPD

Cast Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cast Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Catheter-Directed Thrombolysis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CAUTI	Cather- Associated Urinary tract infection training. Review proper insertion of foley catheters and strategies on prevention of UTIs reviewed.
CAUTI	Indwelling urinary catheter insertion; care and maintenance of indwelling catheter; and specimen collection
CAUTI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
CAUTI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
CAUTI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
CC EVS Equipment Training	Vacuums, Steamers, Walk behind Scrubbers, Burnishers, Side by side, Cardboard Bailer, Trash Compactor, Hydrocart, Carpet Extractors
Cell Saver Set Up, Use, and Stocking	Knowledge and skills based training specific to course and training topic
Central Parenteral Nutrition - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter Insertion: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter Insertion: Assisting (Neonatal) - CE/NCPD	Central Venous Catheter Insertion: Assisting (Neonatal) - CE/NCPD
Central Venous Catheter: Blood Sampling - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Blood Sampling (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Declotting with a Fibrinolytic Agent - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Infection Prevention (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Insertion and Removal (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Maintenance and Dressing Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Catheter: Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter Insertion: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter: Blood Sampling (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter: Central Venous Pressure Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter: Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Nontunneled Catheter: Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Tunneled Catheter: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Central Venous Tunneled Catheter: Flushing and Locking (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cerebral Blood Flow Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cerebrospinal Fluid Sampling: Ventriculostomy or External Ventricular Drain: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest – EVS AHE cleaning standards	Knowledge and skills based training specific to course and training topic
Teal Lead certification TLC – for all new hired team leaders in EVS	Knowledge and skills based training specific to course and training topic
Certified Backflow Assembly Tester	For Facility Management staff that are required to test and maintain backflow prevention systems according to code. Every three years per employees certificate
Certified Healthcare Environmental Services Technician (C.H.E.S.T.)	How to specifically clean in a health care setting
Certified Surgical Cleaning Technician (C.S.C.T.)	How to properly clean and disinfect in the Operating Suite & Procedure rooms
Cerumen Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cerumen Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Cerclage (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Collar: Application (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Collar: Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Collar: Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Culture (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Ripening and Labor Induction: Mechanical Methods: Advanced Practice (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Ripening with Dinoprostone (Cervidil) (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Tongs and Halo Pins: Site Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Cervical Tongs and Halo Ring Application - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Traction Maintenance - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cervical Traction Maintenance (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Circulating (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Circulating (Maternal-Newborn) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Emergency (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Emergency (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Patient Preparation (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Recovery Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cesarean Delivery: Scheduled (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Charting By Exception	Nurse Educator. Knowledge and skills based training specific to course and training topic
Chemotherapy-Induced Peripheral Neuropathy Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CHEST – Certified Health Care Environmental Service Technician	A certification course that backs up the Skill.Set.Go course and each Environmental Services (EVS) Technician is certified after passing a comprehensive test.
Chest Drain Valves - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Pain Pathway And Change To High Sensitivity Troponin	Nurse Educator. Knowledge and skills based training specific to course and training topic
Chest Physiotherapy: Percussion and Vibration - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Physiotherapy: Percussion, Vibration, and Postural Drainage (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Physiotherapy: Positive Expiratory Pressure (PEP) Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Physiotherapy: Postural Drainage - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion Pigtail Catheter: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Insertion: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Pigtail Catheter Insertion: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Removal (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Removal: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Removal: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube Removal: Assisting (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Closed Drainage System (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Closed Drainage System Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Closed Drainage System Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Closed Drainage System Setup (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Closed Drainage Systems - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chest Tube: Intrapleural Administration of Medications - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Child Restraint Application and Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Chorionic Villus Sampling (CVS) (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Circumcision (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Circumcision Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CLABSI Prevention: Best Practices	Knowledge and skills based training specific to course and training topic
CLABSI Prevention: Best Practices	Knowledge and skills based training specific to course and training topic
CLABSI Prevention: Best Practices	Knowledge and skills based training specific to course and training topic
CLABSI Prevention: Best Practices	Knowledge and skills based training specific to course and training topic
CLABSI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
CLABSI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
CLABSI Updates FY25 Q1	Knowledge and skills based training specific to course and training topic
Clarity simulation and treatment	Planning and treatment utilizing ultrasound technology to locate the prostate in real time
Clinical Orientation	Class at the main lead by CSE. specific to either the MA or RN role and the clinical skills needed
Clinical orientation	Orientation to clinical skills required for RNs and MAs
Clinical Orientation	Clinic Specific Training for PT and Hand Therapy Providers and Support Staff
Clinical Orientation - Dysphagia and Stroke	Nurse Educator. Knowledge and skills based training specific to course and training topic
Clinical Orientation Advance Directives	Knowledge and skills based training specific to course and training topic
Clinical Orientation and Annual Clinical Education	Knowledge and skills based training specific to course and training topic
Clinical Orientation Ethics	Knowledge and skills based training specific to course and training topic
Clinical Orientation Inpatient Specimen Collection	Knowledge and skills based training specific to course and training topic
Clinical Orientation Outpatient Specimen Collection	Knowledge and skills based training specific to course and training topic
Clinical Orientation Patient Education	Knowledge and skills based training specific to course and training topic
Clinical Orientation Patient Restraints for Allied Disciplines	Knowledge and skills based training specific to course and training topic
Clinical Orientation Patient Safety and Communication	Knowledge and skills based training specific to course and training topic
Clinical Orientation Safe Patient Handling	Knowledge and skills based training specific to course and training topic
Clinical training for pharamacy collaborative practice agreements	Required for some pharmacists - ensures workflow and correct documentation
Clinical Trials Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CMMS (Cleaning Maintenance Management Software)	How to use the system to track and complete work orders for cleaning frequency
CO: Inpatient Other Disciplines	Knowledge and skills based training specific to course and training topic
Code Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cognitive Stimulation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cold Applications - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cold Applications (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cold Chain Packing and Shipping Procedures Training	Training of pharmacy shipping methods and how to properly package medications
Collecting Specimens with Rover iOS	Knowledge and skills based training specific to course and training topic
Colostomy Irrigation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Deep Breathing - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Distraction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Distraction (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Guided Imagery - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Guided Imagery (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Massage and Heat/Cold - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Comfort Promotion: Progressive Relaxation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Communication with Anxious Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Communication with the Patient Who Is Transgender - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Communication with the Patient Who Is Transgender (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Community Clinics Nurse Triage	Knowledge and skills based training specific to course and training topic
Community Clinics Orientation	Orientation about working in CC - Building specific emergency management etc.
Competency Checklist	Annual Competency checklist review of skills specific to role and department
Complementary, Alternative, and Integrative Therapies (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Compliance and Resistance Measurement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Compliance Training	Annual Compliance Training specific to Health Plan Employees. Emphasizes importance of following relevant law, policy, etc.
Compression Stockings and Sequential Compression Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Concur training	Travel expenses & Pcard
Confidentiality and Information Security	Training/attestation to ensure that employees conduct themselves in compliance with confidential information
Confined Space	For Facility Management Staff that could enter confined spaces. Jun-25
Conflict of Interest	Training/attestation to ensure no conflict of interest in current job and other affiliations
Consent, Capacity, and Competency Issues - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Constipation Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Contact Lens Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Containment of Hazardous Drug Spills (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Contaminated Gown and Gloves: Change (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Continuous Improvement: Building Value Culture in CC	Leader Standard Work and Standard work
Continuous Passive Motion Machine - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Continuous Renal Replacement Therapies (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Continuous ST-Segment Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Continuous Venous Oxygen Saturation Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Contraction Stress Test (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Contrast Reaction Training	Knowledge and skills based training specific to course and training topic
Controlled Substances	Controlled medication compliance and program overview
Cord Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Coronavirus: Novel Coronavirus (COVID-19) Infection Management (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Course Integrity Attestation_Systemic Cancer Therapies Curriculum	Attestation form confirming understanding of associated topic and curriculum
CPI (Crisis Prevention Intervention	Intended for ED staff to provide staff an effective framework for decision making and problem solving to prevent, de-escalate, and safely respond to disruptive or assaultive behavior.
Cricoid Pressure Application (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Cricothyroidotomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cricothyroidotomy: Needle (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Crisis Intervention - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
CSCT – Certified Surgical Cleaning Technician	A certification course that backs up the Skill.Set.Go course and specializes Environmental Services (EVS) Technicians in cleaning an operating room. Each person is certified after passing a comprehensive test.
CSE Deep Dive – CLABSI Prevention	CSE Deep Dive – CLABSI Prevention
CSE Deep Dive- CLABSI Prevention: Think Before You Stick	CLABSI Prevention IV Placement
Cultural Competency	Required by current federal regulation and our contract to deliver Medicaid Managed Care services.
Cultural Considerations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Cystic Fibrosis Standards	Nurse Educator. Knowledge and skills based training specific to course and training topic
Data Analysis with Excel (DAWE)	Internal data analysis class that teaches students how to apply advanced excel techniques to real healthcare problems
Decontamination - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Deep Tendon Reflexes (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Defensive Driver's Training	Online free course to drive patients in vans at TSS
Defibrillation of Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Defibrillator operation	Operation of defibrillator is reviewed and all staff do a hands on return demonstration to ensure competence.
Delivery Preparation for Multiple Gestations (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Delivery Room Assessment and Stabilization of the Preterm Infant (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Delivery Room Preparation (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Denture Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Personal Protective Equipment (PPE) – Standard for EVS training	Knowledge and skills based training specific to course and training topic
USP Safe Handling of Hazardous Drugs – Standard for EVS for waste management in the hospital	Knowledge and skills based training specific to course and training topic
UUHC Department of Transportation (DOT) Training – Transportation and disposal training for EVS	Knowledge and skills based training specific to course and training topic
Appropriate Communications - UofU standard training	Knowledge and skills based training specific to course and training topic
Epic: EVS Required EPIC training to use the tool, and have iPhone assigned	Knowledge and skills based training specific to course and training topic
NCS Food Safety: Glove Use	Knowledge and skills based training specific to course and training topic
NCS: Hand Hygiene	Knowledge and skills based training specific to course and training topic
NCS Fod Safety: HACCP	Knowledge and skills based training specific to course and training topic
PCI DSS Annual Training	Knowledge and skills based training specific to course and training topic
EPIC: Inpatient Milk Tech	Knowledge and skills based training specific to course and training topic
Epic: Inpatient Dietitian	Knowledge and skills based training specific to course and training topic
Depression - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Depression Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Developmental Care (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dexmedetomidine Medication Safety Quiz	Safety quiz testing knowledge that staff know the appropriate use of dexmedetomidine for patients admitted to the ICU who require light sedation.
DHHS Background and Fingerprinting - HMHI Orientation	Fingerprinting and Background Screening for all HMHI staff working at our DHHS licensed programs and clinics.
DHHS New Employee Checklist	Variety of policies/procedures to review for new employees to stay in compliance with DHHS guidelines
DHHS Provider Code of Conduct	Materials to review and sign
Diagnostic Peritoneal Aspiration and Lavage - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Diarrhea Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
DIBH simulation	Treatment planning for patients who need motion management
Digital Block - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Digital Block: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dilation and Curettage (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
DIO Welcome	Brief recorded video from Dr. Harris, GME DIO, welcoming the incoming trainees
Disaster Preparedness	Understanding roles and duties in the event of a disaster; knowing evacuation zones; disaster box location
Discharge - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Discharge (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Discrimination at the Bedside*	Outlines how to respond when staff experience discrimination from patients and visitors. This training examines realistic scenarios to discuss protocols for responding to and reporting discrimination, as well as best practices for supporting staff safety and wellbeing.
Disseminated Intravascular Coagulation (DIC) Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Distress Management for Patients with Cancer and Their Caregivers (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
DNV CAP Administration of Range Dose Orders	Tip sheet to ensure safe and effective medication administration, RNs must follow best safety practices when administering medications with a prescribed dosage range. This was a 2025 DNV finding, and we will be auditing for compliance.
DNV CAP Immediate Use Steam Sterilization Updates	Update tip sheet on IUSS (instruments for immediate use steam sterilization) reviewing the policy and purpose: to provide standardized procedures for the decontamination, cleaning, and assembling of instruments for immediate use steam sterilization (IUSS) and to define circumstances when IUSS is acceptable.
DNV CAP Insulin Vial Labeling and Handling	Tip sheet for insulin vial labeling and handling
DNV CAP IV Titration Documentation	Tip sheet for IV titration documentation that outlines the use of the Titration Flowsheet in Epic to document rationale for each titration.
DNV CAP RCRA Hazardous Waste Bin Expiration and Disposal	Resource Conservation and Recovery Act (RCRA) tip sheet for the disposal of solid and hazardous waste with bin expiration guide
DNV CAP Single Dose Vial Guidelines	Guideline for clinical staff that outlines single-dose vials should only be used for one patient and one time
Donation After Cardiac Death - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Doppler Ultrasound for Assessment of Blood Pressure and Peripheral Pulses - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Doppler Ultrasound for Assessment of Blood Pressure and Peripheral Pulses (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
DOT LMS modules	Annual Certifications as required through DOT
Draping: Chest and Breast (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Ear (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Elbow (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Eye (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Face (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Foot (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Hand (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Head (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Hip (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Knee (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Lower Leg and Ankle (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Mayo Stand (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Perineum (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic

Draping: Principles (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Removal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Draping: Shoulder (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Dressing: Dry and Moist-to-Dry - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dressing: Gauze and Elastic Bandages - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dressing: Hydrocolloid, Foam, and Absorption - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dressing: Pressure Bandage - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dressing: Transparent - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Drivers Safety Training (through risk management portal)	Drivers Safety Training (through risk management portal)
Drug Assisted Intubation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Drug Information new employee orientation	training program outlining drug information team functions and workflows
Durable MCS/VAD Driveline Management System	Knowledge and skills based training specific to course and training topic
Durable Ventricular Assist Device (VAD) 101	Knowledge and skills based training specific to course and training topic
Dysphagia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dyspnea Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dyspnea: Patient Positioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Dyspnea: Patient Positioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ear Irrigations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ear Wick Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Eating Disorders - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
ECG Interpretation Competency Quiz	Assessment and quiz of knowledge specific to course and training topic
Eclamptic Seizure Management (Maternal-Newborn) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Effective and Respectful Communication*	Explores different communication styles and common communication challenges in the workplace. Provides tools for giving and getting feedback effectively.
Effluent Specimen Collection: Peritoneal Dialysis Catheter - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
EKG Competency Check off	A skills check of to determine that MA/RN staff can properly do a EKG
Elbow Restraint: Strategies for Care, Application, and Monitoring - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Electrical Safety & Lockout/Tagout	For Facility Management Staff to impliment and use proper lockout tagout procedures and awreness of electrical safety.
Electrocardiogram: 12 Lead - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Electrocardiogram: 12-Lead (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Electrocardiogram: Right Precordial and Left Posterior Leads - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Electroconvulsive Therapy (Mental Health) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Electrosurgery Unit (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Elopement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Childbirth - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Department	Nurse Educator. Knowledge and skills based training specific to course and training topic
Emergency Management	Required annual training. Reviews hospital policy and process for emergency codes, evacution procedures, etc.
Emergency Nursing Orientation 3.0: Abdominal and Genitourinary Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Behavioral Health Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Burns	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Cardiovascular Emergencies, Part II	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Cardiovascular Emergencies-Part I	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Child and Elder Maltreatment and Intimate Partner Violence	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Communicable Diseases	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Dental, Ear, Nose, Throat, and Facial Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Disaster Preparedness	Elsevier - ENO. Knowledge and skills based training specific to course and training topic

Emergency Nursing Orientation 3.0: Drug Calculations	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Endocrine Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Environmental Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Fluid and Electrolyte Imbalances and Vascular Access	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Forensic Nursing in the Emergency Department	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Gastrointestinal Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Gynecologic Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Head Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Hematologic and Oncologic Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: How to Use Emergency Nursing Orientation 3.0	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Influenza: Seasonal, Avian, and Pandemic	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Management of the Critical Care Patient in the Emergency Department	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Maxillofacial Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Musculoskeletal and Neurovascular Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Neurologic Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Nuclear, Biologic, and Chemical Agents of Mass Destruction	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Obstetric Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Obstetric Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Ocular Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Organ and Tissue Donation	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Pain	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Palliative and End-of-Life Care in the Emergency Department	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Patient Assessment	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Pediatric Emergencies, Part I	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Pediatric Emergencies, Part II	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Renal and Genitourinary Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Respiratory Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Sexual Assault	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Shock Emergencies	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Spinal Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Substance Abuse	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Thoracic Trauma	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Toxicologic Emergencies, Part I	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Toxicologic Emergencies, Part II	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Triage	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Nursing Orientation 3.0: Wound Management	Elsevier - ENO. Knowledge and skills based training specific to course and training topic
Emergency Primary Assessment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Primary Assessment (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Secondary Assessment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Secondary Assessment (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergency Thoracotomy and Internal Defibrillation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergent Sternotomy (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Emergent Sternotomy and Internal Defibrillation: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergent Sternotomy and Internal Defibrillation: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Emergent Sternotomy: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
EMTALA	provides training on the Emergency Medical Treatment and Labor Act, focusing on hospital requirements for providing emergency medical care, including screening, stabilization, and transfer of patients.
End-of-Life Discussions (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endoscopic Therapy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube and Tracheostomy Tube Cuff Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube and Tracheostomy Tube Suctioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Extubation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Extubation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Extubation and Tracheostomy Tube Decannulation: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Extubation and Tracheostomy Tube Decannulation: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Assisting (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube Intubation: Nasotracheal - CE/NCPD	Endotracheal Tube Intubation: Nasotracheal - CE/NCPD
Endotracheal Tube Intubation: Orotracheal (Direct Laryngoscopy) - CE/NCPD	Endotracheal Tube Intubation: Orotracheal (Direct Laryngoscopy) - CE/NCPD
Endotracheal Tube Intubation: Video-Assisted Laryngoscopy - CE/NCPD	Endotracheal Tube Intubation: Video-Assisted Laryngoscopy - CE/NCPD
Endotracheal Tube Intubation: Video-Assisted Laryngoscopy - CE/NCPD	Elsevier Clinical Skills
Endotracheal Tube: Closed Suctioning - CE/NCPD	Endotracheal Tube: Closed Suctioning - CE/NCPD
Endotracheal Tube: Closed Suctioning (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Closed Suctioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Open Suctioning - CE/NCPD	Endotracheal Tube: Open Suctioning - CE/NCPD
Endotracheal Tube: Open Suctioning (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Open Suctioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Securing (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Skin and Oral Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Skin and Oral Care (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Skin and Oral Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Endotracheal Tube: Taping (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
End-Tidal Carbon Dioxide Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
End-Tidal Carbon Dioxide Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Enemas - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
ENPC	Provides core-level pediatric knowledge and skills to properly assess and implement evidence-based interventions to improve outcomes for this high-risk population.
Ensuring Staff Safety in Precepting Environments	Nurse Educator. Knowledge and skills based training specific to course and training topic
Ensuring Staff Safety In Precepting Environments	Ensuring Staff Safety In Precepting Environments
Ensuring Staff Safety In Precepting Environments	Nurse Educator
Environmental Cleaning (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Ephedrine (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
EPIC - Schedgistration	EMR for PRS

EPIC Beaker Access Training (Specific training name unknown):	This 4-hour training provides access to the Beaker system within Epic, allowing staff to place surgical pathology and autopsy orders. It includes instruction on order entry workflows, required documentation, and proper coordination with pathology services for decedent-related cases.
EPIC Documentation module for Blood Gas Technicians	Training to properly process lab orders
EPIC Documentation Module for Respiratory Therapists	Specific job based documentation training
Epic Follow Up/Quick Appointment	Electronic Medical Record User Training
Epic Inpatient Oncology Pharmacist	Electronic Medical Record User Training
Epic Inpatient Oncology Pharmacist	When you are finished with this eLearning curriculum, you should feel more comfortable about Epic and your role in using it in an Inpatient Oncology Pharmacist setting.
Epic Inpatient Oncology Pharmacist (Transfer Only)	for those that have previously been working at UUH, and are moving to working at HCH (mainly for PGY1 pharmacy residents at UUH moving to PGY2 pharmacy residents at HCH)
Epic Inpatient Oncology Pharmacist (Transfers Only)	Electronic Medical Record User Training
Epic Inpatient Social Work	Teaches Epic functions to accurately enter and find information as a social worker
EPIC Radiant	Radiant training for technologists and Medical Assistance
EPIC Radiology Front desk	Scheduling for radiology
Epic Radiology ROI-File Room Representative	Electronic Medical Record User Training
Epic Radiology ROI-Reading Room Assistant	Electronic Medical Record User Training
EPIC Radiology Technologist	EPIC training for imaging techs
EPIC Schedulstration class	EPIC training for staff at the Sleep Wake Center and Pulmonary Lab
Epic Schegistration	This program includes a 3-day classroom training. It also has multiple eLearnings, some of which will need to be completed before arriving for your scheduled classroom training. Access will be granted within two business days of completion.
Epic Schegistration	3 day classroom training, including e-learnings (some completed prior to in person class). Required for Epic scheduling and registration access.
Epic Schegistration	This training is provided to grant Patient Relations Coordinators access needed to support patient behavior management. This includes uploading behavioral letters, placing patient or visitor contract FYI flags, and entering dismissal blocks. Although the training is designed for EPIC registration and scheduling functions, these tasks are not part of the coordinators' regular responsibilities and are only used to support behavioral documentation processes
EPIC Schegistration	3 day course to train Oncology Patient Coordinators about registering patient in Epic, teach them about insurance etc.
Epic Schegistration	Scheduling
Epic Template Build	Training for our template team to learn how to appropriately manage providers templates
EPIC template build	Epic functions to enable you to accurately enter and find information in your role as schedule builder
Epic Training	Basic EMR training
Epic Training	Therapy related Epic Training
Epic training	Epic training for managers and PRS staff
Epic Transplant Care Team	Teaches to navigate the transplant activity as part of the transplant care team, including creating solid organ episodes, updating information through transplant phases, etc
Epic Transplant Coordinator LMS	eLearnings in this curriculum teach the necessary Epic functions to enable you to accurately enter and find information in your role as a Transplant Coordinator (non-VAD). In addition to registering for the curriculum, you will need to request the class through the Contact Email, using the link below in the Show More section.
Epic Transplant Program Specialist	includes all components of the Epic MR/RN course and the elearnings that teach the necessary epic functions to enable to accurately enter and find info in your role as a TPS
Epic: Ambulatory Essentials	Electronic Medical Record User Training
Epic: Ambulatory Essentials	IT Training
Epic: Ambulatory essentials	Teaches how to accurately enter and find information in your role in the outpatient clinics
Epic: Ambulatory Essentials	the necessary Epic functions to enable you to accurately enter and find information in your role in the outpatient clinics
Epic: Ambulatory MA/RN - Medical Assistant/Registered Nurse	Electronic Medical Record User Training
Epic: Ambulatory MA/RN (Medical Assistant/Registered Nurse)	his curriculum contains the following courses: Classroom Training: Epic: Ambulatory MA/RN (Medical Assistant and Registered Nurse) eLearnings: Epic: Ambulatory BCMA Epic: MyChart Epic: MA/RN Follow Up/Quick Appointment Epic: MA/RN Advanced Charting
Epic: Ambulatory Oncology MA/RN	Electronic Medical Record User Training
Epic: Ambulatory Other Encounters (Telephone/ Documentation) with In Basket	Electronic Medical Record User Training
Epic: Ambulatory Retail Pharmacy	Electronic Medical Record User Training
Epic: Ambulatory Therapy	Electronic Medical Record User Training
Epic: Authorization and Certification	Electronic Medical Record User Training
Epic: Basic Appointment Entry	IT Training
Epic: Breast Imaging Radiologist	Electronic Medical Record User Training
Epic: Breast Imaging Technologist	Electronic Medical Record User Training
Epic: Cancel and Reschedule Appointments	IT Training
Epic: Capacity Management Bed Planning	Electronic Medical Record User Training
Epic: Capacity Management Bed Planning	IT Training
Epic: Commercial Insurance	IT Training
Epic: Consulting and Infrequent Provider	Electronic Medical Record User Training
Epic: Creating On the Fly Encounters	Electronic Medical Record User Training
Epic: Creating On the Fly Encounters	IT Training
Epic: Customer Relationship Management (CRM) - All Ambulatory	IT Training

Epic: Day Surgery Scheduler	Electronic Medical Record User Training
Epic: Day Surgery Scheduler	IT Training
Epic: Deep Sedation in the ED	Electronic Medical Record User Training
Epic: Dental Users	Electronic Medical Record User Training
Epic: Documenting a PCP	IT Training
Epic: Documenting an MSPQ	IT Training
Epic: ED Registration	Electronic Medical Record User Training
Epic: Emergency Department HUCA	Electronic Medical Record User Training
Epic: Emergency Department Nurse, EMT, and Paramedics	Electronic Medical Record User Training
Epic: Entering Race and Ethnicity Data	IT Training
Epic: EVS	Electronic Medical Record User Training
Epic: EVS Manager	Electronic Medical Record User Training
Epic: Guarantor Type	IT Training
Epic: HB Biller Plus	Electronic Medical Record User Training
Epic: HB Charge Entry	Electronic Medical Record User Training
Epic: Healthy Planet	Electronic Medical Record User Training
Epic: HIM Coder	Electronic Medical Record User Training
Epic: HIM Deficiency Tracking	Electronic Medical Record User Training
Epic: HIM Release of Information (ROI)	Electronic Medical Record User Training
Epic: HIM Technologist	Electronic Medical Record User Training
Epic: HMHI Expressive Therapist	Electronic Medical Record User Training
Epic: Hospitalist	Electronic Medical Record User Training
Epic: Indexer/Reviewer	Electronic Medical Record User Training
Epic: Inpatient - Day Surgery (ADT) - Proficiency Assessment	IT Training
Epic: Inpatient / Ambulatory Provider Assessment	IT Training
Epic: Inpatient Anesthesiologist/CRNA	Electronic Medical Record User Training
Epic: Inpatient Basics (Ancillary)	Electronic Medical Record User Training
Epic: Inpatient Behavioral Health Nurse (Transfers Only)	Electronic Medical Record User Training
Epic: Inpatient Cardiac Rehab Exercise Specialist	Electronic Medical Record User Training
Epic: Inpatient Cardiac Rehab Nurse/Coordinator	Electronic Medical Record User Training
Epic: Inpatient Case Management	Electronic Medical Record User Training
Epic: Inpatient Day Surgery ADT	Electronic Medical Record User Training
Epic: Inpatient Dialysis Tech/RN	Electronic Medical Record User Training
Epic: Inpatient Dietitian	Electronic Medical Record User Training
Epic: Inpatient Donor Connect	Electronic Medical Record User Training
Epic: Inpatient ED EMT	Electronic Medical Record User Training
Epic: Inpatient ED Nurse	Electronic Medical Record User Training
Epic: Inpatient ED Physician and Advanced Practice Clinician	Electronic Medical Record User Training
Epic: Inpatient Endo/GI Nurse and Tech	Electronic Medical Record User Training
Epic: Inpatient Expressive Therapist	Electronic Medical Record User Training
Epic: Inpatient HCA/Psych Tech (Non Labor and Delivery)	Electronic Medical Record User Training
Epic: Inpatient Health Unit Coordinator (HUC)	Electronic Medical Record User Training
Epic: Inpatient Labor and Delivery HUC	Electronic Medical Record User Training
Epic: Inpatient Labor and Delivery MA/HCA/Tech with HUC	Electronic Medical Record User Training
Epic: Inpatient Labor and Delivery Nurse	Electronic Medical Record User Training
Epic: Inpatient Labor and Delivery Nurse (Transfers Only)	Electronic Medical Record User Training
Epic: Inpatient Milk Tech	Electronic Medical Record User Training
Epic: Inpatient MNBC HCA/MA	Electronic Medical Record User Training
Epic: Inpatient MNBC Health Unit Coordinator (HUC)	Electronic Medical Record User Training
Epic: Inpatient MNBC Nurse	Electronic Medical Record User Training
Epic: Inpatient MNBC Nurse (Transfers Only)	Electronic Medical Record User Training
Epic: Inpatient NICU Nurse (Transfers Only)	Electronic Medical Record User Training
Epic: Inpatient Nurse (ICU and non ICU) (Non Huntsman RNs)	Electronic Medical Record User Training
Epic: Inpatient OBES Midwives and Nurse Practitioner	Electronic Medical Record User Training
Epic: Inpatient Occupational Therapy	Electronic Medical Record User Training
Epic: Inpatient Oncology Nurse	Electronic Medical Record User Training
Epic: Inpatient Oncology Nurse (Transfers Only)	Electronic Medical Record User Training
Epic: Inpatient Pharmacist	Electronic Medical Record User Training
Epic: Inpatient Pharmacist	the necessary Epic functions to enable you to accurately enter and find information in your role as a Pharmacist
Epic: Inpatient Pharmacy Technician	Electronic Medical Record User Training
Epic: Inpatient Physical Therapy	Electronic Medical Record User Training
Epic: Inpatient Registration	Electronic Medical Record User Training
Epic: Inpatient Registration	IT Training
Epic: Inpatient Registration - Proficiency Assessment	IT Training
Epic: Inpatient Respiratory Therapy	Electronic Medical Record User Training
Epic: Inpatient Social Work	Electronic Medical Record User Training
Epic: Inpatient Speech Therapy	Electronic Medical Record User Training
Epic: Inpatient Student Nurse	Electronic Medical Record User Training
Epic: Inpatient Surgery Scheduler	Electronic Medical Record User Training
Epic: Inpatient Surgery Scheduler eLearning	IT Training
Epic: Interventional Radiology (IR) Nurse	Electronic Medical Record User Training
Epic: Interventional Radiology Technologist	Electronic Medical Record User Training
Epic: Intra-op Nurse	Electronic Medical Record User Training
Epic: Intra-op Nurse	IT Training

Epic: Introduction to Epic for Front Desk	IT Training
Epic: Invasive Cardiology Prep and Recover Nurse	Electronic Medical Record User Training
Epic: Invasive Cardiology Procedural Nurse and Technologist	Electronic Medical Record User Training
Epic: Invasive Coordinator	Electronic Medical Record User Training
Epic: Invasive/Non-Invasive Cardiologist or Neurologist Provider	Electronic Medical Record User Training
Epic: IOM Technologist	Electronic Medical Record User Training
Epic: IP Pharmacist Pre-learning	These sections are a prerequisite to other EPIC criteria should be completed before continuing on to the curricula.
Epic: Lab Andrology	Electronic Medical Record User Training
Epic: Lab Blood Bank	Electronic Medical Record User Training
Epic: Lab Blood Bank Technologist	Electronic Medical Record User Training
Epic: Lab Blood Gas Technologist	Electronic Medical Record User Training
Epic: Lab collection for Research Coordinators	Electronic Medical Record User Training
Epic: Lab Dermatopathology Histology Technologist/Medical Secretary	Electronic Medical Record User Training
Epic: Lab Immunodermatology Medical Technologist/Medical Secretary	Electronic Medical Record User Training
Epic: Lab Inpatient Phlebotomist	Electronic Medical Record User Training
Epic: Lab Neurology Medical Technologist	Electronic Medical Record User Training
Epic: Lab Packing List and Receiving	IT Training
Epic: Lab Pathologist	Electronic Medical Record User Training
Epic: Lab Processor	Electronic Medical Record User Training
Epic: Lab Processor	For Phlebotomists. This instructor-led class teaches the necessary Epic functions to enable you to accurately enter and find information in your role as a Lab Processor, Supervisor or Manager. As part of this course, you will need to schedule a training date for the class. This course contains eLearnings which are listed in the curriculum. Some are required to be completed before you take the class. Upon course completion, you will take an assessment to confirm that you are able to: Receiving specimens Creating a Requisition Entry Placing an Add on Order Reviewing an Add on Order in the In Basket Creating a Packing List Aliquotting a specimen Reviewing Test and Patient Information Placing a specimen in Container Storage Viewing the details of a Specimen Canceling a test from Specimen Inquiry Complete tasks from the Follow-up Worklist Creating a Communication Log
Epic: Medicaid Insurance	IT Training
Epic: Medical Student	Electronic Medical Record User Training
Epic: Medical Technologist	Electronic Medical Record User Training
Epic: Medicare Insurance	IT Training

Fatigue Mitigation	ACGME required educational video discussing sleep deprivation and mitigation
Febrile Neutropenia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Fecal Containment Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fecal Impaction Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Assistance for Oral Nutrition - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Balloon and Low-Profile Gastrostomy Removal and Reinsertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition Administration (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition Home Management Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition Home Management Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition via Gastrostomy Tube - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition via Jejunostomy Tube - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Enteral Nutrition via Nasoenteric Tube - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Gastrojejunostomy Site Care and Flushing - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Gastrojejunostomy Site Care and Flushing (Pediatric) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Gastrostomy Site Care and Flushing (Open Surgical and PEG) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Gastrostomy Site Care and Flushing (Open Surgical and PEG) (Pediatric) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Irrigation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Jejunostomy Site Care and Flushing - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Jejunostomy Site Care and Flushing (Pediatric) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Medication Administration - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Nasal Bridle Securement Device Insertion and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Selecting Enteral Nutrition Formulas (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Small-Bore Care - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Small-Bore Insertion - CE/NCPD	Knowledge and skills based training specific to course and training topic
Feeding Tube: Small-Bore Insertion, Care, and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Small-Bore Removal - CE/NCPD	Feeding Tube: Small-Bore Removal - CE/NCPD
Feeding Tube: Transpyloric Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tube: Verification of Placement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tubes: Gastrostomy Tube, Jejunostomy Tube, and Gastrojejunostomy Tube Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Feeding Tubes: PEG, Gastrostomy, and Jejunostomy Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
FEMA 100, FEMA 200 & FEMA 700:	FEMA 100 is an introduction to incident command. FEMA 200 is designed to enable personnel to operate efficiently during an incident or event within the ICS. FEMA 700 provides an overview of NIMS framework and its core concepts, principles and components.
FERPA (Office of the Registrar)	Facilities Management
FERPA Certification	In our continued effort to educate and update faculty on the importance and adherence to FERPA policies, the Office of the Registrar has implemented the 'FERPA Certified Campaign.'
Fetal Blood Transfusion (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fetal Demise Process for SJED	Nurse Educator. Knowledge and skills based training specific to course and training topic
Fetal Fibronectin Test (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fetal Heart Rate: Assessment via Intermittent Auscultation and Electronic Monitor (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fetal Heart Rate: Interpretation (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fetal Spiral Electrode Application (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fibrinolytic Therapy for Acute Ischemic Stroke - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fibrinolytic Therapy for Acute Myocardial Infarction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fibrinolytic Therapy for Pulmonary Embolism - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Financial Conflict of Interest (COI) Training	The University of Utah encourages relationships with Business Entities. In situations where these relationships create financial conflicts of interest, it is important for the University to be able to promptly identify them and ensure they are appropriately managed, reduced, or eliminated.
Fingerprinting and Background Check for DHHS clearance	Needed to work with patients at TSS and YRT

Fire Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Fire Safety	Required annual training. Reviews hospital policy and process for responding to fire emergencies.
Fire Safety – OR FY23	Nurse Educator. Knowledge and skills based training specific to course and training topic
Fire Safety – Sterile Processing	Nurse Educator. Knowledge and skills based training specific to course and training topic
Fire Safety (Clinical)	Required annual training. Reviews procedures and policies specific to fire safety in an OR.
Fire, Electrical, Radiation, and Chemical Safety - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Firearm Safety	Required annual training. Reviews firearm policy and safety for Univeristy of Utah campus (including hospitals and clinics locations).
First Aid Training	Online course with test and certificate (that costs a fee) to work at TSS
Fishhook Removal: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fit Testing	For proper PPE protection - airborne precautions
Flashbacks - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Flexible Endoscope Care and Maintenance (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Flipchart Training	This training encompasses a wide range of topics on emergency preparedness and response, including emergency notification, Code Purple, Code Red, Code Pink, Code Yellow (and all other codes), evacuation and evacuation equipment, disaster radio communication, etc.
Fluid Administration, Rapid: Pressure Bag Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fluid Administration, Rapid: Pressure Infusion Device (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fluid Administration, Rapid: Syringe Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fluid Calculation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fluorescein Staining of Eyes - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fluorescein Staining of Eyes: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Focused Assessment with Sonography in Trauma (FAST): Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Food Handler's Permit	Online course with test and permit (with a fee) to work at TSS
Forced-Air Warming Blanket (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Forceps Delivery (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Forklift Operator Training and Certification	For Facility Management Staff operator training and certifications in order to use any lift truck safely. Spring of 2023
Formula Feeding Education (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Fracture Table (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Fraud, Waste, and Abuse	Required annual training. Meets regulatory/CMS requirement and reviews associated hospital policy and procedures.
Fraud, Waste, and Abuse Training	Specific to Health Plan Employees. Teaches employees their responsibilities in identifying and reporting suspected fraud, waste, and abuse.
Fundal Massage (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
FY24 Medicare Important Message (IMM)	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Preceptor Education: Orientation Checklist Validation	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q1 CAUTI UPDATES	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q1 CLABSI UPDATES	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q1 Fall Prevention	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q1 RESTRAINT UPDATES	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q2 Advance Directives	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q2 DNV Healthcare	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Q2 Nursing Care Plans	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture - ARDS	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture – Dr. Gilligan AKI and CRRT	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture - Palliative Care	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture – Pancreatitis	Nurse Educator. Knowledge and skills based training specific to course and training topic

FY24 SICU Attending Lecture - Sepsis	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture – Trauma Resuscitation Dr. Enniss	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture-ACS/Open Belly	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture-Dr Grandhi - Head Trauma	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 SICU Attending Lecture-Dr Ruminski_ROTEM	Nurse Educator. Knowledge and skills based training specific to course and training topic
FY24 Solid Organ Transplant Medications	Knowledge and skills based training specific to course and training topic
FY25 Acute Care & Reh_HCA Skills Day Remediation – Policy_Restraint or Seclusion	Knowledge and skills based training specific to course and training topic
FY25 ED/ICU RN Skills Day Remediation Cotrak and NG Care	Knowledge and skills based training specific to course and training topic
FY25 ED/ICU RN Skills Day Remediation FloTrac and Nicom	Knowledge and skills based training specific to course and training topic
FY25 ED/ICU RN Skills Day Remediation Neuromuscular Blockade Agents	Knowledge and skills based training specific to course and training topic
FY25 ED/ICU RN Skills Day Remediation TOF Baseline Assessment and Titration	Knowledge and skills based training specific to course and training topic
FY25 ED_ICU_HCA Skills Day Remediation – Nurse-Patient Transfer Training	Knowledge and skills based training specific to course and training topic
FY25 ED_ICU_HCA Skills Day Remediation – Policy_Care of PT on Close Supervision	Knowledge and skills based training specific to course and training topic
FY25 ED_ICU_HCA Skills Day Remediation – Policy_Restraint or Seclusion	Knowledge and skills based training specific to course and training topic
FY25 ED_ICU_RN Skills Day Remediation – Nurse-Patient Transfer Training	Knowledge and skills based training specific to course and training topic
FY25 House Sups Skills Day	Knowledge and skills based training specific to course and training topic
FY25 Preceptor Education	Nurse Educator
FY25 Preceptor Education - Effective Feedback	Effective Feedback
FY25 Preceptor Education - Effective Feedback	Effective Feedback
FY25 Preceptor Education - Learning Needs Assessment	Learning Needs Assessment
FY25 Q2 Advance Directives	FY25 Q2 Advance Directives
FY25 Q2 Advance Directives	FY25 Q2 Advance Directives
FY25 Q2 DNV Healthcare	FY25 Q2 DNV Healthcare
FY25 Q2 DNV Healthcare	FY25 Q2 DNV Healthcare
FY25 Q2 Nursing Care Plans	FY25 Q2 Nursing Care Plans
FY25 Q2 Nursing Care Plans	FY24 Q2 Nursing Care Plans
FY25 Q2 Pressure Injury and Wound Care Fundamentals	Quarterly quality education related to pressure injury prevention and wound care
FY25 Q3 E50 HCA Quiz	Department specific quarterly quality measures quiz for HCAs focusing on NDNQI measures
FY25 Q3 E50 RN Quiz	Department specific quarterly quality measures quiz for RNs focusing on NDNQI measures
FY25 Q4 E50 HCA Quiz	Department specific quarterly quality measures quiz for HCAs focusing on NDNQI measures
FY25 Q4 E50 RN Quiz	Department specific quarterly quality measures quiz for RNs focusing on NDNQI measures
Gastric Lavage (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Gastric Lavage for Removal of Toxic Substances - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
General Care of the Infant with Neonatal Opioid Withdrawal Syndrome	Knowledge and skills based training specific to course and training topic
General Stroke Education for Clinical Staff	Knowledge and skills based training specific to course and training topic
General Troubleshooting (H5F)	Clinical Staff Education. Knowledge and skills based training specific to course and training topic
General TSL orientation, RN and TPS competency based orientation	describes transplant pathway with core competencies outlined within each phase
Generational Theory Preceptor Essentials	Nurse Educator. Knowledge and skills based training specific to course and training topic
Genetic Pedigree Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Geriatric Surgery Considerations (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Gestational Age Assessment (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Getting the Beat on Precedex: Pearls for Dexmedetomidine Use	Education on the appropriate use of dexmedetomidine for patients admitted to the ICU who require light sedation.
GIP Hospice	Knowledge and skills based training specific to course and training topic
Giving & Receiving Feedback	Nurse Educator. Knowledge and skills based training specific to course and training topic
Glucose Management In The Hospital	Nurse Educator. Knowledge and skills based training specific to course and training topic
Glucose Super User Module	ARUP: Point of Care
GME Clinician as Educator	Brief video explaining the educational opportunities for trainees to become leaders and trainers
GME Disability Income	Slide explaining the disability income benefit
GME RETURN	Brief recorded video from the GME Resident Engagement & Training for Underserved and Rural Needs (RETURN) group discussing rural rotation options
GME Wellness Office Orientation	Brief recorded video from the GME Wellness team welcoming the incoming trainees
Gowning and Gloving Team Members (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Grief Support for Patients and Family - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Grounding-Pad Application (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Grounding-Pad Application (Perioperative) - CE	Elsevier - Perioperative

Group Work (Mental Health) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Guarantor and Insurance 1-4	Review of associated workflows
Guarantor Consolidation	New guarantor workflow
Guideline: Sexual Assault	Review of standards and procedures in relation to associated topic
Guideline: University of Utah Pre-Surgical NPO Guideline	Review of guideline providing a standard set of feeding instructions for patients undergoing elective procedures requiring general anesthesia, deep sedation, moderate sedation or regional anesthesia at any location affiliated with University of Utah Health. Clinical judgement may be required in cases that this document does not explicitly address – nursing staff completing patient education should seek input from attending anesthesiologist (preop clinic, day of surgery attending or coordinator) when questions arise.
Guidelines in Practice: Surgical Smoke Safety	Nurse Educator
Hair Care: Combing - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hair Care: Facial Shaving - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Halo Ring and Vest Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Halo Vest: Application (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Halo Vest: Maintenance and Cleaning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hand and Power Tools	For Facility Management Staff to handle and use tools properly and safely.
Hand Hygiene - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hand Hygiene for Health Care Workers	Knowledge and skills based training specific to course and training topic
Hand Mitt Restraints: Strategies for Care, Application, and Monitoring - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hand-off Communication: ISBAR and I-PASS (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hand-off Report: Circulating RN to Postanesthesia Care Unit RN (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hand-off Report: Circulating RN to Postanesthesia Care Unit RN (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hand-off Report: Nursing Report - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hand-off Report: Postoperative Transport to Intensive Care Unit (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hand-off Report: Preoperative RN to Circulating RN (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hand-off Report: Preoperative Transport from Intensive Care Unit to Operating Room (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hazard Communication Coordinator HCC	Hazard Communication Coordinator training - overview of position and requirements
Hazardous Chemical Spill Response Training - Lion's Eye Bank	Knowledge and skills based training specific to course and training topic
Hazardous Communication Coordinator (HCC) Training (Annual)	Knowledge and skills based training specific to course and training topic
Hazardous Drug Spill	Knowledge and skills based training specific to course and training topic
Hazardous Drug Spill PPE	Knowledge and skills based training specific to course and training topic
Hazardous Drug Spill: Containment and Cleanup	Knowledge and skills based training specific to course and training topic
Hazardous Drugs; Safe Medication Administration practices	Safe handling of hazardous drugs; don and doff PPE; chemo spill
Hazardous Materials	Required annual training. Reviews hospital policy and process for appropriate handling and disposal of waste and other hazardous materials.
Hazardous Waste Disposal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Hazmat 1 and Hazmat 2	Purpose of these two courses are to understand each Hazmat roll/duty; understand how to set up a DECON shower; understand how to safely don a modified-C PPE; understand how to DECON a patient safely; understand how to safely doff a modified-C PPE and understand how to properly clean and care for hazmat equipment and return to a ready state
HazMat Ops	This course talks about hazardous materials and decontamination operations, including donning and doffing, cleaning PPE equipment, safety guidelines, decontamination reporting, etc.
Hazmat Rounding	How to perform annual monitoring & utilize smartsheets
HCC (when necessary)	Training for HCC coordinators that is completed yearly
HCC Hazard Communications Coordinator Training	All employees in CC EVS need this training in tandem with DOT Training for regulated medical waste. Learning proper procedures for chemical use and waste handling and removal
HCH Foundations	Week long didactic course for all HCH RNs, MAs, and HCAs. Focused on Oncology specific education
HCH Frontline Manager Development	A once a month leadership series for new and established frontline managers
HCH IP unit Didactic	Each inpatient unit at Huntsman has a unit didactic they have for new staff
HCH NEO orientation	Specific orientation for HCH employees to meet with senior leadership and welcome them
HCI NEO	Hour long didactic class taught by the Huntsman Institute staff
HCI NEO	In-person new employee orientation for HCH employees
Health Care Risk Management	Brief presentation from the UUH Risk Management office welcome all GME trainees
Healthcare Defensive Tactics	This training equips teams with the necessary strategies, tactics, and terminology utilized by healthcare security professionals for safer physical interventions. By enhancing their understanding in these areas, staff can collaborate and integrate with our security teams, increasing safety measures within the ED. Additionally, the course will introduce specific defensive concepts tailored for healthcare environments.

Hearing Aid Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Heart Transplant Education	Knowledge and skills based training specific to course and training topic
Heart Transplant Education	teaches about heart transplant and how it ties into Inpatient Nursing duties
Heat Lamp - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Heat Lamp (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Heel Stick (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Helmet Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hemochron Training	Knowledge and skills based training specific to course and training topic
Hemodialysis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hemodialysis (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hemolytic Uremic Syndrome Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hemorrhagic Stroke Case Study	Knowledge and skills based training specific to course and training topic
Hepatitis B Immunoprophylaxis (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hepatotoxicity Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hiccups Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
HIPAA Privacy	Required annual training. Reviews HIPAA regulations and associated hospital policy and processes.
HIPAA Security	Required annual training. Reviews HIPAA regulations and associated hospital policy and processes.
HIPAA Training	Annual HIPAA training specific to Health Plan Employees.
HMHI Direct Care Staff Training - LMS Module	Requirement which encompasses personnel training requirements for hire within 30 days and annually for all HMHI staff working at DHHS licensed programs and clinics.
HMHI Direct Care Staff Training: DHHS Rules	This training is required for all HMHI staff working with our DHHS licensed programs in accordance with R501-1-16. Personnel Training Requirements for Health and Human Services, General Provisions for Program Licensing.
HMHI Downtown Clinic Safety Training	Annual Training on the various Codes (Blue, Purple, Yellow etc.) and how to implement them at this location
Home Care Safety: Adaptations for Patients with Cognitive Deficits - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Home Care Safety: Medications and Medical Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Home Care Safety: Modifying Safety Risks - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Host Hints	This is training to assess counts of medication inventory
Hot Flashes Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
How to Teach Time Management	Nurse Educator. Knowledge and skills based training specific to course and training topic
HSR Type - II	Type II hypersensitivity, also known as cytotoxic hypersensitivity, is an immune reaction where antibodies (IgG or IgM) bind to antigens on a cell's surface, leading to cell damage or destruction. Reviews the evaluation and management of type II hypersensitivity.
HSR Unique Infusion Events Quiz	Quiz and assessment of required learning related to HSR
HSR-Type 1	Type I hypersensitivity is also known as an immediate reaction and involves immunoglobulin E (IgE) mediated release of antibodies against the soluble antigen. Reviews the evaluation and management of type I hypersensitivity.
Defensive Driver Training	Taken through the state. Required for our team members that drive as part of their work responsibilities.
Hydralazine (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypercalcemia of Malignancy Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypersensitivity Reactions Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypertensive Disorders of Pregnancy (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypertensive Disorders of Pregnancy (Maternal-Newborn) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Hyperthermia Measures - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hyperthermia Measures (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hyperuricemia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypothermia Measures - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypothermic and Hyperthermic External and Intravascular Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Hypothermic-Hyperthermic Blanket (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
iCIMS	Education related to Applicant Tracking System and associated processes
iCIMS - Create a Requisition Tutorial	Education related to Applicant Tracking System and associated processes
iCIMS - Hiring Manager Dashboard Tutorial	Education related to Applicant Tracking System and associated processes

ICIMS - Hospital Applicant Tracking	Education related to Applicant Tracking System and associated processes
iCPR Cough Part 1	Knowledge and skills based training specific to course and training topic
iCPR Cough Part 2	Knowledge and skills based training specific to course and training topic
iCPR Sore Throat	Knowledge and skills based training specific to course and training topic
iCPR Sore Throat Part 2	Knowledge and skills based training specific to course and training topic
ICRA Training	Knowledge and skills based training specific to course and training topic
ICU Medication Education & Documentation	Overview and training on associated documentation and competency requirements for department
Immediate-Use Steam Sterilization (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Immobilization Devices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Immunizations for Ambulatory Clinics	Knowledge and skills based training specific to course and training topic
Implantable Cardioverter-Defibrillator (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implantable Cardioverter-Defibrillator: Deactivation and Reactivation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implantable Cardioverter-Defibrillator: Emergency Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implantable Electronic Devices: Cardiac (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Implantable Electronic Devices: Noncardiac (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Implanted Venous Port: Access - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implanted Venous Port: Access (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implanted Venous Port: Blood Sampling - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implanted Venous Port: Deaccess - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Implanted Venous Port: Deaccess (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Incentive Spirometry - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Incentive Spirometry (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Incident Report - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Incision and Drainage - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Incision and Drainage: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Increased Intracranial Pressure: Patient Positioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Increased Intracranial Pressure: Patient Positioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Indirect (Mirror) Laryngoscopy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Infection Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Infection Prevention and Reusable Instruments	Nurse Educator. Knowledge and skills based training specific to course and training topic
Infection Prevention and Reusable Instruments - Ambulatory Overview	Nurse Educator. Knowledge and skills based training specific to course and training topic
Infection Prevention Management for Patients with Neutropenia (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Infection Prevention Reusable Instruments	Nurse Educator. Knowledge and skills based training specific to course and training topic
Infection Prevention/Infection Control Training	infection prevention/control training overview - provides training on current practices
Informed Consent	Required annual training for providers. Reviews hospital policy and processes related to informed consent associated with procedures.
Informed Consent for Providers	Required annual training for providers. Reviews hospital policy and processes related to informed consent associated with procedures.
Initial Assessment: High-Risk Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Initial Assessment: Newborn (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Initial Assessment: Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Initial Orientation/Onboarding	Hospital, Clinical & Didactic orientation for new hires to AirMed.
Inpatient Basic Transplant for HCA's	Nurse Educator. Knowledge and skills based training specific to course and training topic
Inpatient Basic Transplant for HCA's	Inpatient Basic Transplant for HCA's
Inpatient Management of Eating Disorders	Nurse Educator. Knowledge and skills based training specific to course and training topic
Inpatient Medical Rehabilitation - MD	Nurse Educator. Knowledge and skills based training specific to course and training topic
Inpatient Medical Rehabilitation - OT	Nurse Educator. Knowledge and skills based training specific to course and training topic
Inpatient transplant basics for HCAs	Basics for HCAs

Inpatient Urine Collection Decision Tree for UTI	Part of the Guideline: Comprehensive Management of Urinary Catheters (Indwelling, Intermittent, Condom, Suprapubic), Urinary Retention, and Urinary Incontinence; provides algorithm to follow for clinical staff to prevent urinary tract infections (UTI)
Instrument Counts (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Instrument Manual Cleaning	Nurse Educator. Knowledge and skills based training specific to course and training topic
Insulin: Obstetric Patients (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Insurance training	meet and sit with our Financial advocates, go over insurance dictionary, review in and out of network plans
Intelliox Oxygen Cylinder training	Review of safe use of oxygen cylinders used in all hospitals
Intelli-Ox+ In-Service	Hospitals and Clinics. Knowledge and skills based training specific to course and training topic
InterDry Product Overview	Nurse Educator. Knowledge and skills based training specific to course and training topic
Interfacility Ground or Air Transport Preparation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Interfacility Transport and Hand-off Report (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intermittent Self-Catheterization Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Internal Defibrillation: Assisting (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
International Dysphagia Diet Standardisation Initiative	Knowledge and skills based training specific to course and training topic
Interpreter Services	Required annual training. Reviews services available to patients who need additional language support.
Intraabdominal Pressure Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraabdominal Pressure Monitoring: Continuous (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraabdominal Pressure Monitoring: Intermittent (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraaortic Balloon Pump Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracompartmental Pressure Measurement: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracompartmental Pressure Measurement: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracranial Catheter: Fluid-Coupled System (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracranial Pressure Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracranial Pressure Monitoring: External Ventricular Drain - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracranial Pressure Monitoring: External Ventricular Drain CSF Draining and Sampling - CE/NCPD	Intracranial Pressure Monitoring: External Ventricular Drain CSF Draining and Sampling - CE/NCPD
Intracranial Pressure Monitoring: External Ventricular Drain System Setup and Monitoring - CE/NCPD	Intracranial Pressure Monitoring: External Ventricular Drain System Setup and Monitoring - CE/NCPD
Intracranial Pressure Monitoring: Intracranial Bolt and Fiberoptic Catheter - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intracranial Pressure Monitoring: Intraventricular-Fiberoptic Catheter - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intrafacility Transport and Hand-off Report (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraosseous Access - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraosseous Needle Care and Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraosseous Needle Placement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intrapulmonary Shunt Calculation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intrauterine Pressure Catheter Placement (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Regional Anesthesia - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Administration Set Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Discontinuation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Discontinuation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Dose and Flow Rate Calculation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Initiation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Line Insertion (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Long Peripheral Catheter Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Intravenous Therapy: Maintenance and Dressing Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Prevention and Management of Extravasations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Priming and Changing a Solution - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Regulation of Flow Rate - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Regulation of Flow Rate (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Short Peripheral Catheter Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intravenous Therapy: Ultrasound-Guided Initiation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intraventricular Catheter: Fluid-Coupled System and Fiberoptic Transducer (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Intro GME Financial Management	Brief recorded video explaining some of the financial resources available to all GME trainees
Intro to Multidisciplinary Stroke Tracer	Nurse Educator. Knowledge and skills based training specific to course and training topic
Introduction to Imaging and Procedures	IT Training
Introduction to Leadership Concepts	Program that provides education and resouces for individuals to develop core leadership skills they can apply in their day to day interpersonal relationships and processes. Open to everyone.
Introduction to the CAR-T Cell Therapy	Nurse Educator. Knowledge and skills based training specific to course and training topic
Isolation and PPE protocols	Review guidelines and ensure proper usage of personal protective equipment
Isolation Precautions: Airborne - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Airborne (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Contact - CE/NCPD	Isolation Precautions: Contact - CE/NCPD
Isolation Precautions: Contact (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Droplet - CE/NCPD	Isolation Precautions: Droplet - CE/NCPD
Isolation Precautions: Droplet (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Ebola Donning and Doffing Personal Protective Equipment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Personal Protective Equipment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isolation Precautions: Personal Protective Equipment (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Isometric Exercises - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
i-STAT Learning System	Knowledge and skills based training specific to course and training topic
iSTAT training	Creatine test for administration of contrast
IV contrast module	Delivery of IV contrast during treatment planning sessions
IV Immunoglobulin (IVIG) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
IV Push Medication Administration	Knowledge and skills based training specific to course and training topic
IVC Overview	This is training for the IV room for sterile product management.
Johns Hopkins Fall Risk Assessment Tool For HCA's	Knowledge and skills based training specific to course and training topic
Johns Hopkins Fall Risk Assessment Tool For Inpatient RN's	Knowledge and skills based training specific to course and training topic
Jugular Bulb Oxygen Saturation Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Kidney Transplant	Knowledge and skills based training specific to course and training topic
Kidney Transplant Education	teaches about kidney transplant and how it ties into Inpatient Nursing duties
Kronos Acuity: Workload Manager and Staff Planning	IT Training. Knowledge and skills based training specific to course and training topic
Kronos Self-Service (Hourly)	IT Training. Knowledge and skills based training specific to course and training topic
Kronos Workforce Acuity Manager	IT Training. Knowledge and skills based training specific to course and training topic
Kronos: Employee Self Service	IT Training. Knowledge and skills based training specific to course and training topic
Kronos: Timecard View and Approval and Approval - Centralized Nursing Payroll	IT Training. Knowledge and skills based training specific to course and training topic
Label History	This is training to assess a drug label and troubleshoot issues surrounding drug labels.
Labetalol (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Labor and Delivery - SPM & oneSource Processes	Labor and Delivery - SPM & oneSource Processes
Labor and Delivery Thermoregulation	Knowledge and skills based training specific to course and training topic
Laboring Patients: Nursing Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ladder Safety	For Facility Management Staff that use ladders to ensure safety. Apr-25
Large Van Safety Training (through risk management portal)	Large Van Safety Training (through risk management portal)
Laryngeal Mask Airway - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Laryngeal Mask Airway (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Laryngeal Tube Airway - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Laryngospasm and Bronchospasm: Postoperative Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic

Laryngospasm Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Laryngospasm Management (Perioperative) - CE	Elsevier - Perioperative
Laser safety	laser safety strategies and proper operation reviewed with staff
Laser Safety (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Laser Safety (Perioperative) - CE	Elsevier - Perioperative
Latex Allergy (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Lawson Purchasing and Receiving Training	To order supplies and to receive them
Leadership Development	Leaders as Teachers, Dashboard Trainings, Professional Development, 1:1 Leadership Coaching, and Standard Work training
Leadership Training - Team Lead Certification (TLC)	Peer to peer, team management, and development for all new EVS team leaders going forward
Leadership Training - Team lead Utilization (TLU)	Training for EVS Supervisors on how to effectively utilize time management, Team leads, and SMART goals
Leading a Culture of Thriving	Presentation in New Leader Orientation. Discusses the characteristics of a culture in which all employees can thrive. Outlines actions leaders can take to foster a culture of thriving.
Lean Six Sigma Green Belt (LSSGB)	Provides education and expertise in applying lean methodologies and six sigma analyses to solve problems in healthcare settings
Learning Needs Assessment	Nurse Educator. Knowledge and skills based training specific to course and training topic
Left Atrial Intracardiac Line Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Leopold Maneuvers (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lidocaine Infusion	Knowledge and skills based training specific to course and training topic
Life-Sustaining Therapy: Withholding and Withdrawing - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Limit Setting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Liver Transplant Education	Knowledge and skills based training specific to course and training topic
Liver Transplant Education LMS	Teaches about liver transplant and how it ties into Inpatient Nursing
Local Anesthesia: Patient Monitoring (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Location specific cleaning procedures & more	Cleaning Frequencies, equipment, alarm codes, contacts way finding, security etc.
Long Shaft Gastrostomy Tube Replacement or Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Long-Term Monitoring (LTM) & Electroencephalogram (EEG)	Nurse Educator. Knowledge and skills based training specific to course and training topic
Low Profile Gastrostomy Tube Replacement or Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Catheter Insertion, Care, and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lumbar Puncture: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Lunch and Learn (HLA/SRTR)	Lectures regarding HLA and SRTR
Lung Transplant Education	Knowledge and skills based training specific to course and training topic
Lung Transplant LMS	Teaches about Lung Transplant and how it ties into Inpatient Nursing
Lymphedema Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Magnesium Sulfate (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Malignant hyperthermia	Anesthetic agents can trigger this condition which can cause patients to code. Management and symptom identification is reviewed.
Malignant Hyperthermia (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Malignant Pleural Effusion Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Management of Alcohol Withdrawal Syndrome	Knowledge and skills based training specific to course and training topic
Manual Expression	Knowledge and skills based training specific to course and training topic
May 2021 Standardized Hazardous Drug Administration Inpatient	Nurse Educator. Knowledge and skills based training specific to course and training topic
May 2021 Standardized Hazardous Drug Administration Outpatient	Nurse Educator. Knowledge and skills based training specific to course and training topic
MCS/VAD Aware: Basic	Knowledge and skills based training specific to course and training topic
MCS/VAD Emergency Response Training: BASIC	Knowledge and skills based training specific to course and training topic
Mechanical Ventilation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Mechanical Ventilation: Volume and Pressure Modes - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Mechanical Ventilation: Weaning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Mechanical Ventilation: Weaning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medical Incapacity Hold	Knowledge and skills based training specific to course and training topic
Medicare Important Message (IMM)	Knowledge and skills based training specific to course and training topic
Medication Administration: Allergy Skin Testing - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Allergy Skin Testing (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Antineoplastic Agents During an Operative or Invasive Procedure (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Medication Administration: Continuous and Intermittent Subcutaneous Infusion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Dry Powder Inhaler - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Ear Drops - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Ear Drops (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Emergency Medication (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Enema (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Eye - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Eye (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: IM Injection in the Deltoid	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Injection Preparation from Ampules and Vials - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intermittent Infusion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intermittent Infusion Methods - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intradermal Vaccines - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intradermal Vaccines (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intramuscular Injection - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intramuscular Injection (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intravenous Bolus - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Intravenous Therapy Dose and Flow Rate Calculation (Pediatric) CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Local Infiltration and Topical Agents for Wound Anesthesia - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Metered-Dose Inhaler with Artificial Airway (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Metered-Dose Inhaler with Spacer (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Metered-Dose Inhaler without Spacer (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Metered-Dose Inhalers - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Mixing Medications in One Syringe - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Nasal Instillation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Nasal Instillation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Nebulized - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Nebulized (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Needleless Subcutaneous Jet Injection (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Oral - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Oral (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Patient-Controlled Analgesia - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Patient-Controlled Analgesia (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Peripheral Nerve Block Infusions - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Peripheral Nerve Block Infusions (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Rectal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Medication Administration: Rectal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Soft Mist Inhaler - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Subcutaneous Injection - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Subcutaneous Injection (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Syringe Pump Method (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: TB Intradermal Injection Mantoux - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: TB Intradermal Injection Mantoux (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Topical - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Topical (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Vaginal Instillations - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Administration: Verbal Orders (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Medication Availability	This is training to assess availability of medications.
Medication Distraction	Knowledge and skills based training specific to course and training topic
Medication Management of Obstetric Hypertensive Crisis (Maternal-Newborn) - CE/NCPD	Medication Management of Obstetric Hypertensive Crisis (Maternal-Newborn) - CE/NCPD
Medication Management of Obstetric Hypertensive Crisis (Maternal-Newborn) - CE/NCPD	Medication Management of Obstetric Hypertensive Crisis (Maternal-Newborn) - CE/NCPD
Medication Override and Nurse Orderables	Knowledge and skills based training specific to course and training topic
Medication Reconciliation and Event Reporting	Knowledge and skills based training specific to course and training topic
Medication Self-Administration Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Self-Administration Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Medication Tracking	This is training to track medications in the hospital.
Medication Wasting Process	Knowledge and skills based training specific to course and training topic
Mega Code	Focuses on Advanced Cardiac Life Support (ACLS) guidelines as outlined by the AHA. It outlines ACLS tachycardic, bradycardic and pulseless algorithms. Provides hands on training with the defibrillator and practice team dynamics during a code.
Mental Illness Education for Families - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Methotrexate for Ectopic Pregnancy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Methyldopa (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Metro Aviation CTS (Computer Training System)	Annual review of aviation safety, operating in/around aircraft, survival, physiology of flight, etc...
Microlearning: Customize Learning Home Dashboard	IT Training
Microsoft 365 - Teams, Outlook, One Note, Planner	effective use of this software in our operations
Midline Catheter: Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Midline Catheter: Maintenance and Dressing Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Midline Catheter: Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Mileage	How to submit and process mileage
Minimally Invasive Surgery: Conversion to Open Surgery (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Electrosurgery (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Gas Distention Media (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Imaging and Light Source (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Instrumentation and Trocars (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Insufflation (Perioperative) - (CE)	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Minimally Invasive Surgery: Irrigation Fluids (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
MIPRS Clinical Techniques and Best Practices in General Radiography	Clinical Techniques and Best Practices in General Radiography
MIPRS Radiation Exposure and Image Quality in General Radiography	Radiation Exposure and Image Quality in General Radiography
Misoprostol (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Missing Med & Order History Algorithm	This is training to troubleshoot lost medications and adjustments to orders.
Mobile Elevated Work Platform Safety Training	For Facility Management Staff to operate any elevated work platform properly and safely. Oct-24
Mock Code	Emergency management of a decompensating patients during surgery
Mock Code/MH	Manage a patient code and a MH crisis
Moderate Sedation During a Diagnostic Procedure - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Moderate Sedation Training-NICU	Nurse Educator. Knowledge and skills based training specific to course and training topic

Moderate Sedation: Patient Monitoring (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Moist and Dry Heat: Compresses and Sitz Baths - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Moran OR RN New Employee Orientation	Orientation to Moran as well as policies, procedures, and guidelines specific to department and role.
MRI Safety	This content is updated as new practices established by the ACR and other governing bodies. This course describes how to keep staff and patient safe during MRI procedures.
MRI Safety LMS Module	MRI Safety
MRSA Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Mucositis Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
N95 fit testing - PAPR utilization in the OR	Staff are fit tested and airborne diseases and Infection precautions are reviewed
N95 Respirator Certification	An introduction and training of use of an N95 respirator style mask, staff that pass are certified for one year to wear an N95 mask
Nail and Foot Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasal Foreign Body Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasal Foreign Body Removal: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasal Specimen Collection - CE/NCPD	Nasal Specimen Collection - CE/NCPD
Nasal Specimen Collection (Ambulatory) - CE/NCPD	Nasal Specimen Collection (Ambulatory) - CE/NCPD
Nasal Specimen Collection (Pediatric) - CE/NCPD	Nasal Specimen Collection (Pediatric) - CE/NCPD
Nasogastric or Orogastric Tube: Insertion and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasogastric Tube Care and Irrigation - CE/NCPD	Nasogastric Tube Care and Irrigation - CE/NCPD
Nasogastric Tube Care and Irrigation - CE/NCPD	Nasogastric Tube Care and Irrigation - CE/NCPD
Nasogastric Tube Care, Flushing, and Irrigation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasogastric Tube Insertion - CE/NCPD	Nasogastric Tube Insertion - CE/NCPD
Nasogastric Tube Insertion - CE/NCPD	Nasogastric Tube Insertion - CE/NCPD
Nasogastric Tube Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasogastric Tube Removal - CE/NCPD	Nasogastric Tube Removal - CE/NCPD
Nasogastric Tube Removal - CE/NCPD	Nasogastric Tube Removal - CE/NCPD
Nasogastric Tube Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasopharyngeal Airway Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasopharyngeal Airway Insertion (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasopharyngeal and Oropharyngeal Airway: Insertion and Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasopharyngeal Suctioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nasopharyngeal: Suctioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nausea and Vomiting Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
NCS Food Safety Glove Usage	Reviews proper glove usage for foodservice personnel
NCS Food Safety Glove Use	Reviews the proper use of gloves in food prep and delivery
NCS Food Safety HACCP	Discusses awareness of critical control points regarding food safety--specifically reviewing improper holding temperatures
NCS Food Safety HACCP	Reviews our Hazard Analysis Critical Control Points plan and goes into detail on improper holding temperatures.
NCS Food Safety Hand Hygiene	Reviews proper hand hygiene for foodservice personnel
NCS Hand Hygiene	Reviews the proper way to practice hand hygiene for foodservice personnel
NCS Neilsen Rehab Hospital Physical Environment	Reviews disaster/safety specific items for this location—fire pull stations, extinguishers, exits; eye-wash stations; disaster box, etc.
NCS Neilsen Rehab Hospital Physical Environment	Reviews critical knowledge of physical environment at NRH--fire pull stations, fire extinguishers, eye wash stations, disaster response, etc.
NCS U of U Hospital Physical Environment	Reviews critical knowledge of physical environment at UUH--fire pull stations, fire extinguishers, eye wash stations, etc.
NCS University of Utah Hospital Physical Environment	Reviews disaster/safety specific items for this location—fire pull stations, extinguishers, exits; eye-wash stations; disaster box, etc.
Needle Thoracostomy: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Needle Thoracostomy: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Needle Thoracostomy: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Negative Inspiratory Force Measurement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Negative Pressure Wound Therapy and Wound Care Basics	Knowledge and skills based training specific to course and training topic
Negative-Pressure Wound Therapy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Negative-Pressure Wound Therapy: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Negative-Pressure Wound Therapy: Initiating Therapy (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Neonatal Opioid Withdrawal Syndrome (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nephrostomy Tube Care, Flushing, and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Neuro Acute Care	Nurse Educator. Knowledge and skills based training specific to course and training topic
Neuro Critical Care	Nurse Educator. Knowledge and skills based training specific to course and training topic
Neuro Interventional Radiology - MD	Nurse Educator. Knowledge and skills based training specific to course and training topic
Neuro Interventional Radiology - RN	Nurse Educator. Knowledge and skills based training specific to course and training topic
Neurocognitive Dysfunction Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Neurogenic Bowel and Bladder LEAP and CE Submission	Watch the following video on Neurogenic Bowel and Bladder, then submit the CE into the HCI Nursing Contact Hour Tracking Portal for credit.
Neurosurgery Protective Measures (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
New Anaphylaxis Kit Training	Knowledge and skills based training specific to course and training topic
New Employee Onboarding	This training provides a comprehensive introduction to Customer Service operations, including handling complaints, grievances, discrimination claims (OEO process), inquiries, parking tickets, lost items, law enforcement access, and patient behavior concerns. New team members receive system access and training on key platforms such as EPIC, Origami, Outlook, Teams, OneNote, UBox, SmartWeb, and Qualtrics. The onboarding also includes an overview of essential resources (e.g., medical records, CIS, Pulse, Kronos, Customer Service Calendar), guidance on release of information, the verbal threat checklist, managing process servers, and completing administrative tasks like PTO requests, makeup time, and timecard approval. New staff also shadow experienced team members on phone coverage, including with the Customer Service supervisor.
New Employee Onboarding	This training provides foundational support for new team members joining Decedent Affairs. Key components include introductions to essential systems (such as EPIC, UBox, EDEN, and ROSE), and setup of necessary tools like email, voicemail, and Citrix. New employees receive hands-on instruction in chart review, the death certificate process, autopsy coordination, patient release and intake procedures, and communication with funeral homes and law enforcement. Additional topics include GIP (Inpatient Hospice), fetal demise protocols, medical records handling, tissue release, and participation in the Veteran Flag Ceremony. The onboarding also covers hospital resources, documentation practices, proper phone etiquette, supply access, and PPE procedures.
New Employee Orientation	Required for all new employees (except rehires within 6 months). Covers organization structure, policies, benefits, workplace culture, safety protocols, regulatory requirements, and available resources (PULSE, CIS). Modules include: 1) Welcome; 2) Core values of Hospitals and Clinics; 3) Perks, community, and U of U Health access; 4) Emergency procedures and safety; 5) Key policies (HIPAA, dress code, timekeeping, anti-discrimination, harassment, accountability); 6) Health care-specific hazards and suicide prevention; 7) Overview of benefits, PTO, and payroll.
New Employee Orientation Service Delivery Area Community Clinics	Overview of Service Delivery Area and facility they will be working in. Introduction to Safety, Quality & Patient Care Initiatives. Discussion of RL Reporting, Shared Governance and teamwork.
New Leader Orientation	Available to all new leaders (external hires and internal promotions/transfers). Reviews and provides high-level overviews of human resources policies and procudures relevant to those in leadership positions, financial responsibilities and literacy, organization assessments (Better U), hiring practices and partnerships, other workforce support resources (e.g., Resiliency Center, OD consultants).
New Leader Orientation: Leadership Essentials	Across the day, you will be able to meet and network with your peers and other important entities from across the organization. You will learn various knowledge and skills to assist you in better understanding organizational policies and procedures, as well as introduce you to principles that can guide you in cultivating your team culture.
Newborn Bath (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Newborn Car Seat Safety (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Newborn Care Education (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Newborn Screening (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Newborn Screening: Critical Congenital Heart Defects (Maternal-Newborn) - CE/NCPD	Newborn Screening: Critical Congenital Heart Defects (Maternal-Newborn) - CE/NCPD
Newborn Security (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
NICU Abdominal Paracentesis	Knowledge and skills based training specific to course and training topic
NICU Arterial Lines	Knowledge and skills based training specific to course and training topic
NICU Bridge Team Training	Orientation of NICU RNs and RTs for bridge transports
NICU Endotracheal Intubation	Knowledge and skills based training specific to course and training topic
NICU Exchange Transfusion	Knowledge and skills based training specific to course and training topic
NICU Lumbar Puncture	Knowledge and skills based training specific to course and training topic
NICU Needle Decompression	Knowledge and skills based training specific to course and training topic
NICU Pericardiocentesis	Knowledge and skills based training specific to course and training topic
NICU Perioperative Care	Knowledge and skills based training specific to course and training topic
NICU Suprapubic Bladder Aspiration	Knowledge and skills based training specific to course and training topic

NICU Umbilical Catheter	Knowledge and skills based training specific to course and training topic
NICU Ventricular Reservoir Tapping	Knowledge and skills based training specific to course and training topic
Nifedipine (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
NIH Stroke Scale NIHSS	a training program designed to equip healthcare professionals with the knowledge and skills to assess stroke severity using the NIHSS, a standardized neurological assessment tool.
Nitrous Oxide - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nitrous Oxide (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nitrous Oxide in Labor and Delivery	Knowledge and skills based training specific to course and training topic
NMDP Donor Confidentiality training	annual e-learning regarding National Marrow Donor Program confidentiality requirements and expectations
Noisy Respirations at End of Life: Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Non-Discrimination in the Workplace	Required annual training. Reviews organizational and hospital policy in relation to acceptable behaviors, the University's non-discrimination policies, and available resources for complaints and remedy.
Noninvasive Cardiac Output Monitor - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Non-Oncology Chemotherapy Certification Exam	For pharmacists that verify, review, manipulate antineoplastic orders in EPIC a minority of the time, intended primarily for pharmacists that work at UUH
Nonstress Test (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
North Service Area New Employee Orientation	SDA-specific NEO
Novel Drug Approvals	Knowledge and skills based training specific to course and training topic
NRP 8th Edition Instructor Candidate Curriculum	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
NRP 8th Edition Instructor Renewal Curriculum v.2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
Nurse-Patient Relationship - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nursing Documentation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Nursing Downtime Practices	Knowledge and skills based training specific to course and training topic
Nursing Heparin Drip Protocols	Knowledge and skills based training specific to course and training topic
Observational Audit Education and Training	What is Observational Monitoring, why we use this tool as part of quality monitoring
Ocular Toxicity Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
onboarding agenda	· Introduction to University of Utah health Day 1 for New Staff
onboarding agenda	· Tool Access – Online and mobility access to Pule, CIS, Umail, and Kronos
onboarding agenda	· Codes training – deep dive into hospital code standards new staff may encounter (fire, emergencies, active shooter, child abduction)
onboarding agenda	· Infection Prevention – Skill Set Go
onboarding agenda	· Hand Hygiene - Skill Set Go
onboarding agenda	· Benefits – Access and enrollment for all
onboarding agenda	· Attendance Policy / Kronos Training
onboarding agenda	· Wayfinding - Orient to the new hospital work environment
onboarding agenda	· Direct Deposit: ensure pay methods are entered
onboarding agenda	1. Introduction to University of Utah health Day 1 for New Staff-Benefits, Parking, Performance Management.
onboarding agenda	2. Tool Access – Online and mobility access to Pulse, CIS, Umail, LMS and Kronos, Teams (Shifts)
onboarding agenda	3. Room Service Choice-Verifying Access and walkthrough on how to order a meal for a patient
onboarding agenda	4. Voalte-Verifying Access and walkthrough on how to communicate with NCS & Nursing team.
onboarding agenda	5. Diet/Allergy Education-Reviewing the Dietary Handbook they receive. The Codes, the definition and how to view it in Room Service Choice. Wellness Dietitian visits with new hire
onboarding agenda	6. Wayfinding-Exploring general areas of Hospital and including specific areas of the hospital that relate to NCS. Ex: Nutrition Rooms, Soiled Utility
onboarding agenda	7. Rep Process-Reviewing Precaution Codes, Verification Steps for a Patient, Customer Service Skills, De-Escalation
onboarding agenda	8. Dish/Sanitation Process-Reviewing Dish Washer Machine Cleaning Procedures, Quat Process and maintenance, Cleaning/disinfecting dish/utensils, proper glove/gown use
Onboarding Checklist/Training	Covers basic tools/resources/additional training for PRS staff during the 3 months of probation
Onboarding-An introduction to all available employee benefits	Medical, dental, vision, and prescription coverage; Life insurance options; Retirement plans and resources
Onboarding-Direct Deposit	Step-by-step instruction on how to set up and manage your direct deposit information.
Onboarding-Employee Discounts	Overview of various discounts available to University of Utah Health employees, including: Local Businesses, Dining, Entertainment, and Services
Onboarding-Groundwork-Essential knowledge for workforce readiness	Hospital emergency codes and responses (e.g., Code Red: RACE & PASS, Code Yellow, Code Pink, Code Purple); Password setup and secure login; Introduction to frequently used hospital websites and portals procedures
Onboarding-KRONOS (Timekeeping & Attendance)	Training on using the Kronos system for Clocking in/out, Requesting time off, and Understanding attendance policies
Onboarding-Transportation and Parking	Campus transportation options (bus, TRAX, university shuttles); Parking passes and approved parking locations

Onboarding-Wayfinding	Guidance on how to navigate the University of Utah Hospital campus, including main departments, building layouts, and signage.
Oncology Pharmacist Chemotherapy Certification Re-Certification Exam	For pharmacists that verify, review, manipulate antineoplastic orders in EPIC a majority of the time, intended primarily for pharmacists that work at HCH.
Ongoing Suicide Risk Assessment Tool (OSRA)	Nurse Educator. Knowledge and skills based training specific to course and training topic
Operating Room Mock Code	Nurse Educator. Knowledge and skills based training specific to course and training topic
Ophthalmic Foreign Body Immobilization - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ophthalmic Foreign Body Immobilization (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ophthalmic Foreign Body Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ophthalmic Foreign Body Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ophthalmic Foreign Body Removal: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
OR Laser Safety	Nurse Educator. Knowledge and skills based training specific to course and training topic
Oral Airway Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oral Hygiene - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oral Hygiene (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oral Hygiene for the Unconscious or Debilitated Child (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oral Hygiene for Unconscious or Debilitated Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Order History and Event History	This is training to assess drug orders and transactional history.
Order Verification	This is training to order verify drugs by the pharmacist in EPIC.
Ordering Immunizations Using Close Care Gaps	Nurse Educator. Knowledge and skills based training specific to course and training topic
Ordering Technician/leadership 340B Training	This training walks through compliant 340B purchasing and describes common issues, scenarios and resources available for ordering on 340B accounts.
Organ Donation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Orogastric Tube Care and Irrigation - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Care and Irrigation - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Care, Flushing, and Irrigation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Orogastric Tube Insertion - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Insertion - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Orogastric Tube Removal - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Removal - CE/NCPD	Knowledge and skills based training specific to course and training topic
Orogastric Tube Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oropharyngeal Airway Insertion (Pediatric) - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Osteoporosis Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ostomy Appliance: Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ostomy Care (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ostomy Pouching: Colostomy or Ileostomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ostomy Pouching: Urostomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Otic Foreign Body Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Overhead Phototherapy (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Overview of In Basket for Providers	IT Training
Overview of Nurse Cough and Sore Throat Study (iCPR)	Knowledge and skills based training specific to course and training topic
Oxygen Equipment: Home Management Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Equipment: Home Management Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Hood (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Indices - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Tank Regulators - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Therapy and Oxygen Delivery (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Therapy: Nasal Cannula or Oxygen Mask - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Oxygen Therapy: T-piece or Tracheostomy Collar - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Oxygen Weaning Protocol	Nurse Educator. Knowledge and skills based training specific to course and training topic
Oxytocin (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacemaker: Assessment of Function (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Assessment of Permanent Pacemaker Function - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Epicardial Wire Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Temporary Epicardial Wire Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Temporary Transvenous and Epicardial Pacemaker Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Temporary Transvenous Pacing Lead Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Temporary Transvenous Pacing Lead Insertion: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Temporary Transvenous Pacing Lead Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Transcutaneous - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Transcutaneous Initiation and Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pacing: Transvenous and Epicardial Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Packaging Instruments for Steam Sterilization: Peel Pouched	Nurse Educator. Knowledge and skills based training specific to course and training topic
PACU: Initial Postoperative Patient Assessment and Care (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Pain Assessment and Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pain Assessment and Management (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pain Assessment and Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pain Management	Pain assessments, reassessment and management; caring for chronic pain patients
Pain Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pain Management and PRN Pain Med Administration	Nurse Educator. Knowledge and skills based training specific to course and training topic
Pain management and sedation scales	Reviewing criteria for Pasero and RASS assessment tools
Pain Management at University of Utah Health	Nurse Educator. Knowledge and skills based training specific to course and training topic
Pain Management for EMTs and Paramedics at University of Utah Health	Nurse Educator. Knowledge and skills based training specific to course and training topic
Pancreas Transplant Education	Knowledge and skills based training specific to course and training topic
Pancreas Transplant Education LMS	Teaches about Pancreas transplant and how it ties into Inpatient Nursing
PAPR Certification	Overview and testing for a Personal Air Purifying Respirator (PAPR), Normally given by Work Wellness when a new employee is hired but is covered a second time by the trainers during the initial training of an Environmental Services (EVS) Technician. Staff that pass are certified for one year to wear a PAPR.
PAPR Donning and Doffing Videos	Knowledge and skills based training specific to course and training topic
Paracentesis (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Paracentesis: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Paracentesis: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Paracentesis: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Parenteral Nutrition Administration (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Parenteral Nutrition: Home Management Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Partners In Medicine	PIM is a group dedicated to supporting the significant others of all University of Utah physician interns, residents, fellows, and attendings.
Patent Ductus Arteriosus Ligation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Patient Burns Required Documentation	Attestation for tip sheet that outlines what to document, where to document, and why to document a patient burn event.
Patient Confidentiality (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Hygiene CHG Policy Education	Nurse Educator. Knowledge and skills based training specific to course and training topic
Patient Positioning: Arms (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Fowler (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Hypotension - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Patient Positioning: Jackknife or Kraske (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Lateral (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Lateral, Sims (Semiprone), and Log Rolling - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Patient Positioning: Lithotomy (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Moving Up in Bed - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Patient Positioning: Patients with Obesity (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Prone (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Supine (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Positioning: Supine or Prone - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Patient Positioning: Supported Fowler - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Patient Positioning: Trendelenburg (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Patient Safety Reminders	Knowledge and skills based training specific to course and training topic
Patient Safety: SBARQ; Fall Prevention; Proper Patient Identification	Understandi SBARQ tool for better communication between members of the healthcare team; protocols and process for preventing calls; how to use a gait belt properly
Patient Transport LMS Module (Required to request an EPIC account)	Patient Transport training for EPIC requirements
Patient-provider communication best practices	This training is required to ensure all individuals interpreting within the organization are properly trained, ensuring safe and equitable care for our LEP (Limited English Proficiency) patients in accordance with Section 1557 requirements.
Patients in Custody	Knowledge and skills based training specific to course and training topic
Payroll / Community Clinics Performance Standards	frontline teams to learn Time and Attendance Policies and how to submit exceptions and approve payroll
PCI DSS Annual Training (Payment Card Acceptance)	Training and compliance for staff who take patient credit cards for payment
Peak Expiratory Flow Measurement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peak Expiratory Flow Measurement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pelvic Examination - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Percutaneous Dilational Tracheostomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pericardial Catheter Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pericardial Catheter Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pericardiocentesis (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pericardiocentesis: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pericardiocentesis: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Perinatal Flight NICU RN Orientation	Reviews onboarding, training, competency, and education needs for a new hire in the role and department. Reviews policies, standards, and guidelines.
Perinatal Flight OB RN Orientation	Reviews onboarding, training, competency, and education needs for a new hire in the role and department. Reviews policies, standards, and guidelines.
Perinatal RT Orientation	Reviews onboarding, training, competency, and education needs for a new hire in the role and department. Reviews policies, standards, and guidelines.
Perineal Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Perineal Care - CE/NCPD	Knowledge and skills based training specific to course and training topic
Perineal Preparation (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Perioperative policy review	Review of patient safety policies and guidelines
Peripheral Arterial Line Placement: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripheral Arterial Lines (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripheral Nerve Stimulator - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripheral Nerve Stimulator (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripheral Parenteral Nutrition with Lipid (Fat) Emulsion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Blood Sampling - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Dressing Change (Neonatal) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Peripherally Inserted Central Catheter: Flushing (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Insertion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Insertion (Neonatal) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Maintenance and Dressing Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peripherally Inserted Central Catheter: Removal (Neonatal) - CE/NCPD	Peripherally Inserted Central Catheter: Removal (Neonatal) - CE/NCPD
Peripherally Inserted Central Catheter: Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Automated - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Catheter Exit Site Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Catheter Repair and Adaptor Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Discontinuation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Discontinuation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Exit Site Care (Healed Site) (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Exit Site Care (Immediate Postoperative Care) (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Manual - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Pass Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Setup and Initiation (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Transfer Set Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Dialysis: Troubleshooting (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Peritoneal Lavage: Diagnostic: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Personal Protective Equipment	Required annual training. Reviews PPE offerings and associated hospital policy and processes.
Personal Protective Equipment - CE/NCPD	Personal Protective Equipment - CE/NCPD
Pharmacist Availability	This is training to know when a pharmacist is available.
Pharmacist Device Competency Sign-Off	Attestation form to ensure that pharmacists are trained and competent on how to use devices
Pharmacy - Controlled Substance Significant Loss Reporting	This course will teach you how to determine if a drug loss is significant and how to report it to leadership. It is required that these losses be reported as soon as possible and therefore all pharmacy staff members should be familiar with these procedures.
Pharmacy Epic IT training	required training for pharmacists to access Epic
Pharmacy Privelging - Medication Refill Ambulatory	attestation for pharmacists so they can priveleged and authorize refills for the ambulatory setting
Pharmacy Privelging - Medication Refill Specialty	attestation for pharmacists so they can priveleged and authorize refills for the specialty setting
Pharmacy Privelging - Therapeutic Interchange Ambulatory	attestation for pharmacists so they can priveleged and can conduct therapuetic interchange for the ambulatory setting
Phototherapy Blanket (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pin Site Care - CE/NCPD	Pin Site Care - CE/NCPD
Pin Site Care (Pediatric) - CE/NCPD	Pin Site Care (Pediatric) - CE/NCPD
Pleural and Abdominal Catheter Drainage System - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pneumatic Tourniquet Application (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Point-of-Use Instrument Care and Pre-enzymatic Cleaner Application	Nurse Educator. Knowledge and skills based training specific to course and training topic
Policies and Procedures	Policies and Procedures specific to Radiation Oncology
Policy: Care of Tuberculosis (TB) Patients	Attestation for the policy to outline standards of care for patients with SCIPTB (Suspected or Confirmed Infectious Pulmonary TB).
Policy: Communicable Disease Reporting	Policy attestation to comply with the reporting requirements and authorizations that are specified for communicable and infectious diseases, outbreaks and the unusual occurrence of any disease, as required under Utah Communicable Disease Rule, R388-702 and to Provide assistance to the health department as required during the surveillance and control of these diseases, outbreaks and unusual occurrences.
Policy: Communicable Disease Reporting	Policy attestation to comply with the reporting requirements and authorizations that are specified for communicable and infectious diseases, outbreaks and the unusual occurrence of any disease, as required under Utah Communicable Disease Rule, R388-702 and to Provide assistance to the health department as required during the surveillance and control of these diseases, outbreaks and unusual occurrences.
Policy: Critical Results	Policy attestation to establish standard protocol to 1. identify critical test results exceeding established limits and 2. to report and ensure rapid communication of critical test results to the appropriate responsible licensed caregiver.
Policy: Moderate Sedation	Policy attestation to provide guidance, in support of safe and effective moderate sedation.

Policy: Time Out for Correct Site Person and Procedure for Surgical and Invasive Procedures	Policy attestation to ensure the safety of our patients by using consistent strategies to verify the correct patient, surgical or invasive procedure site and necessary supplies and equipment.
Policy: Use of Scribes	Employee signs the Scribe Acknowledgement form
PONV and reversal agent treatment	Review of post op nausea and vomiting protocols and proper use of narcotic reversal medications
Port Access	Accessing and de-accessing an IVAD
Portions	nutrition food team care training
Portless Tubing Lockboxes	Nurse Educator. Knowledge and skills based training specific to course and training topic
Positioning (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postmortem Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postmortem Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Care: Convalescent Period (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Care: Immediate Recovery Period - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Care: Immediate Recovery Period (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Care: Phase II - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Exercises: Diaphragmatic Breathing and Controlled Coughing - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Exercises: Turning in Bed and Leg Exercises - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Postoperative Nausea and Vomiting Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Postpartum Hemorrhage (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Post-Traumatic Stress Disorder - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Power of Speech	Required training. Provides education in response to state legislation, Utah House Bill 261 (2024) and (Utah Code Section 53B-1-118(3)(c)), which require public institutions of higher education to annually train employees on the separation of personal political advocacy from an institution's business and employment activities.
PPE Personal Protective Equipment	How to properly don and doff PPE
PPE Safety Training	For Facility Management Staff to use PPE properly and safely.
PRECEPTING PHILOSOPHIES & TOOLS Preceptor Essentials	Nurse Educator. Knowledge and skills based training specific to course and training topic
Precepting Philosophies & Tools Preceptor Essentials	The Preceptor Development program offers a comprehensive training experience consisting of 1.5 hours of online learning through the LMS and a 4-hour in-person session. This program is designed for new or prospective preceptors and aims to equip participants with the essential knowledge and skills needed to mentor new employees effectively. The curriculum covers a wide range of precepting topics.
Preceptor Development	The Preceptor Development program offers a comprehensive training experience consisting of 1.5 hours of online learning through the LMS and a 4-hour in-person session. This program is designed for new or prospective preceptors and aims to equip participants with the essential knowledge and skills needed to mentor new employees effectively. The curriculum covers a wide range of precepting topics.

The curriculum covers a wide range of precepting topics.
Preceptor Roles and Responsibilities	Nurse Educator. Knowledge and skills based training specific to course and training topic
Precipitous Delivery (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Precipitous Delivery: Breech (Maternal-Newborn) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Precipitous Delivery: Vertex (Maternal-Newborn) - CE/NCPD	Knowledge and skills based training specific to course and training topic
Pregnant Surgical Patients Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Preoperative Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Preoperative Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Preoperative Preparation (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Preservation of Evidence - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pressure Injury Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Pressure Injury Prevention (Perioperative) - CE	Elsevier - Perioperative
PRESSURE INJURY TREATMENTS, INTERVENTIONS AND PRODUCTS TO USE	Nurse Educator. Knowledge and skills based training specific to course and training topic
Pressure Injury: Risk Assessment and Prevention - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pressure Injury: Treatment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Preventing Patient Abuse: Legal Obligations (1 of 4)	Knowledge and skills based training specific to course and training topic

Preventing Patient Abuse: Risk Management and Internal Resources (2 of 4)	Knowledge and skills based training specific to course and training topic
Preventing Patient Abuse: The Crisis Cycle (4 of 4)	Knowledge and skills based training specific to course and training topic
Primary Cancer Prevention Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Primary Care Message Management	Nurse Educator. Knowledge and skills based training specific to course and training topic
Prion Disease Management (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Product Preparation & Verification	This is training to prepare drugs in the pharmacy and pharmacist verification of these drugs to confirm appropriate product.
Professional Conduct - Expectations for Residents and Fellows	Brief slides outlining professional conduct expectations
Prolapsed Cord (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
PROMISE Behavior Standards Training	Training reviews and outlines acceptable behavior for hospitals and clinics team members based on our established organizational values
Pronation Therapy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Prone Breast Simulation	Treatment planning for patients with pendulous breasts for heart sparing
Proper Identification of Patients	Proper Identification of Patients
Prosthetic Eye Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Provided by Fran Matragos Employee Relations Memo's & Disciplinary Action	Specific area cleaning assignments
Provider Purposeful Engagement in Patient Safety Learning	Brief presentation about patient safety
PRS Urgent Care Triage	Knowledge and skills based training specific to course and training topic
Psychiatric Medications: Monitoring Effectiveness - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Psychiatric Medications: Recognizing Adverse Effects - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Psychological Support for Patients Undergoing Surgery (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Psychosocial Companion Book	Knowledge and skills based training specific to course and training topic
Pulmonary Artery Catheter Insertion (Assisting) and Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulmonary Artery Catheter Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulmonary Artery Catheter: Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulmonary Artery Catheter: Troubleshooting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulmonary Hypertension Management (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulmonary Toxicity Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulse Measurement Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulse Measurement Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulse Oximetry - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulse Oximetry (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulse Oximetry (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pulsus Paradoxus Assessment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Pupillometer - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Push/Pause Flushing and Lock Technique	Nurse Educator. Knowledge and skills based training specific to course and training topic
Quarterly Skills Days	Review and competency testing for any new therapies or equipment and low frequency, highly complex therapies
Quarterly Trauma Training	Provides hands-on training skills in managing patient with traumatic/critical injuries.
Rabies Immunization - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radial Artery Compression Device Application and Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radial Artery Puncture (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radial Compression Band Protocol	Nurse Educator. Knowledge and skills based training specific to course and training topic
Radial Compression Band Protocol	Knowledge and skills based training specific to course and training topic
Radial Pulse - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radial Pulse (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radiant Warmer (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radiation Pneumonitis Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radiation Safety (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Radiation Safety (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic

Radiation Safety Considerations for PACU Nurses	Hospitals and Clinics. Knowledge and skills based training specific to course and training topic
Radiation Therapy Assessment (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radiation Therapy Education (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Radiology Front Desk	EPIC training
Range of Motion Exercises - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Rapid sequence intubation	emergent airway support
RCSS Customer Service	This training is provided for all newly hired RCSS staff and available for all existing staff to attend as well. This is a discussion-based class that goes over a collective definition of success.
RCSS Department Training	This training is provided for all newly hired RCSS staff and is available for all existing staff to attend as well. Topics include an introduction to the dept., organizational goals, introducing the 15 steps of the revenue cycle, and how each role plays a part.
RD SET Disposable Sensor Training (H5F)	Clinical Staff Education. Knowledge and skills based training specific to course and training topic
Regional Blocks (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Regional Blocks (Perioperative) - CE	Elsevier - Perioperative
Rehab Hospital Fire Safety	Knowledge and skills based training specific to course and training topic
Remote Access Guide	This is training to assess inventory of drug.
Remote/Host Scavenger Hunt	This is training to assess location of drug in the pharmacy and application of previous lessons.
Renal Replacement Therapy: Continuous - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Renal Replacement Therapy: Prolonged Intermittent - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Report and Learn (RL) eLearning	Brief presentation explaining the RL tool
Resident Interdisciplinary Council (RIC)	Brief recorded video from the GME Resident Interdisciplinary Council welcoming the incoming trainees
Resp Therapy Department Orientation	Review of all skills and procedures to work in all patient care areas
Respiratory Protocol Assessment Training	Review of protocols, skills and data collection to successfully allocate therapy
Respiratory Therapy Skills Training for HCH, SJHC, and NRH	Training and annual competency for blood gas punctures and analysis per CAP requirements
Respiratory Therapy Supervisor Training	NICU orientation, University iLead program, New Leader Orientation, Lead RT skills review
Restraint Application and Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Restraint Education - Inpatient HCA	Knowledge and skills based training specific to course and training topic
Restraint Updates FY25 Q1	Restraint Updates FY25 Q1
Restraint-Free Environment - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Restraints	Violent and Non violent restraint application and documentation
Restraints for Nonviolent or Non-Self-Destructive Behavior - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Restraints for Providers	Required training for providers who utilize restraints. Reviews hospital policy and process in regards to the utilization of restraints for patients.
Restraints for Violent or Self-Destructive Behavior - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
RESTRAINTS IN THE INPATIENT/ED SETTING	Nurse Educator. Knowledge and skills based training specific to course and training topic
Resuscitation Bag: Manual Self-Inflating in Mechanically Ventilated Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Retained Surgical-Item Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Rho(D) Immune Globulin (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Right Atrial and Central Venous Pressure Monitoring - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Right Atrial Pressure Monitoring (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Ring Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
RN and Pediatric Skills Day	Hands on training for several nursing skills such as urinary catheter insertion, care and specimen collection, how to document a Mock Code
RN Driven Urinary Catheter Removal Protocol and Management	Knowledge and skills based training specific to course and training topic
RN Transition to Practice IV Lines, Care, and Safety	RN Transition to Practice IV Lines, Care, and Safety
Root Patient Monitoring Platform (H5F)	Clinical Staff Education. Knowledge and skills based training specific to course and training topic
Rotokinetic Beds - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Entry Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Prep Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic

RQI 2025 Healthcare Provider ALS Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider ALS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Entry Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Entry Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider BLS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Entry Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Prep Assignment	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 2	Resuscitation Quality Improvement (RQI)
RQI 2025 Healthcare Provider PALS Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 3	Resuscitation Quality Improvement (RQI)
RQI 2025 Healthcare Provider PALS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI 2025 Healthcare Provider PALS Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Advanced Endorsement v2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Essentials Entry	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Essentials Provider Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Essentials Provider Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Essentials Provider Session 3	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI for NRP Essentials Provider Session 4	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI Healthcare Provider BLS	The RQI Basic Life Support (BLS) Healthcare Provider curriculum consists of an online and hands-on session completed quarterly to maintain competency in high quality CPR. RQI Provider focuses on meaningful skills practice, debriefing, team scenarios, discussions of local protocols, and skills testing. RQI BLS Provider uses a variety of eLearning assets such as dramatizations, eSimulations, animations, self-directed learning, and interactive activities to teach students Basic Life Support knowledge and skills. The course is the foundation of all RQI 2025 quality improvement programs, based on the American Heart Association's Basic Life Support Guidelines. All employees who are required to maintain a BLS eCredential to meet University employment requirements must complete the quarterly assignments before the end of each calendar quarter. A list of all Simulation Station locations can be found on our Pulse page:
RQI® Responder Entry	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI® Responder Session 1	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
RQI® Responder Session 2	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
Rule Out Infection Precaution Orders	Knowledge and skills based training specific to course and training topic
Safe Environment (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Safe Handling of Hazardous Drugs - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Safe Handling of Hazardous Drugs (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Safe Patient Handling and Movement of Bariatric Surgery Patients	Knowledge and skills based training specific to course and training topic
Safe Patient Handling and Movement of Patients with Obesity	Knowledge and skills based training specific to course and training topic
Safe Sleep Practices (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Safe Sleep Practices Education (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Safety Belt Application (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
SBARQ Hand-off, Patient Safety Communication	Nurse Educator. Knowledge and skills based training specific to course and training topic
SBRT simulation and treatment modules	Planning and treatment in the body using high dose radiation
Schegistration Day 3	Provides a review of schegistration workflows, scenarios, and further operational connections for front end roles.
Schizophrenia and Psychosis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Screening Tools For Risk Of Harm To Others	Screening Tools For Risk Of Harm To Others
Scribing Policy	Signing and dating the Scribing Policy
SDA Orientation	Orientation to service delivery area
SDX simulation & treatement	Planning and delivery of radiation treatment to patients holding their breath with a nose plug and mouthpiece
Seclusion for Assaultive and Violent Behavior (Mental Health) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sedation Assessment Scales (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sedation for Procedures: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Seizure Precautions (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Seizure Precautions and Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sensory Room (Mental Health) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sepsis Training	Nurse Educator. Knowledge and skills based training specific to course and training topic
Sexual Alterations Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sexual Assault Examination - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Shampooing Hair of a Bedbound Child (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Shampooing Hair of Bed-Bound Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Shampooing Hair of Bedbound Patients - CE/NCPD	Shampooing Hair of Bedbound Patients - CE/NCPD
Shared Governance Boot Camp	Introduction to concepts of professional nursing governance and the structure and processes associated with our shared governance model. Introduction to leadership in terms of creating a culture conducive to team problem solving and creating a psychologically safe environment.
Sharps Counts (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sharps Safety (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sharps Safety (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Shoulder Dystocia (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Shoulder Immobilization - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
SICU Attending Lecture – Dr. Mccrum Emergency Airway Management	SICU Attending Lecture – Dr. Mccrum Emergency Airway Management
Simulation Based Training	High fidelity clinical training using real world scenarios
Skeletal Traction and Pin Site Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skeletal Traction and Pin Site Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skill Set Go Floor Care	Online courses from AHE focused on cleaning standards for EVS floor care training.
Skill Set Go Infection prevention	Online courses from AHE focused on cleaning standards for EVS custodial tech training.
Skilll.Set.Go	A computer-based program that trains the fundamentals of the hospital cleaning system, this training is certified through AHE, Association for the Health Care Environment of the American Hospital Association (AHA).
Skills Day Remediation_Actue Care-Rehab HCA_Trach Emergency Supply Standard	Knowledge and skills based training specific to course and training topic
Skills Day Remediation_Acute Care-Rehab HCA_Nurse Patient Transfer Training	Knowledge and skills based training specific to course and training topic
Skills Day Remediation_Acute Care-Rehab_Policy-Care of the Patient Req. 1:1	Knowledge and skills based training specific to course and training topic
Skills Day Remediation_Acute Care-Rehab_Policy-Care of the Patient Req. 1:1	Knowledge and skills based training specific to course and training topic
Skin Assessment (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Assessment (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Care: Care of Donor Site Dressing Reinforcement (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Skin Care: Donor Site Dressing Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Graft Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Graft: Care of Donor Site - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Graft: Care of Graft Site - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Preparation Agent: Fire and Burn Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Skin Preparation Agent: Fire and Burn Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Skin Preparation Agent: Handling, Storage, and Disposal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Skin Preparation Agent: Handling, Storage, and Disposal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Skin Traction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin Traction (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin-to-Skin Contact (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Skin-to-Skin Contact after Cesarean Delivery (Maternal-Newborn) - CE/NCPD	Skin-to-Skin Contact after Cesarean Delivery (Maternal-Newborn) - CE/NCPD
Sling Application - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sling Application (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Smart Web	Brief explanation from the Pager Services group on how to use the Smart Web paging tool
Smart Web Nursing eLearning	Clinical Staff Education. Knowledge and skills based training specific to course and training topic
Smart Web Paging	This is training to use the paging system.
Smartphone Online Training	Knowledge and skills based training specific to course and training topic
SOC Watch Lecture	SOC Watch Lecture
SOGI Part 1: What is SOGI data and why does it matter?	Overview of SOGI data in a patient care environment and impact on patient care outcomes
SOGI Part 2: The Data Collection Process	Collecting SOGI data in a patient care environment
SOGI Part 3: Patient Care Considerations and Challenges	Reviewing patient care needs
Solid Organ Transplant Medications	Teaches about transplant meds
Solid Organ Transplant Nutrition Annual Competency	Knowledge and skills based training specific to course and training topic
Solid Organ Transplant Treatment of Rejection	Teaches about treatment of rejection
Solid Organ Transplant: Treatment of Rejection	Nurse Educator. Knowledge and skills based training specific to course and training topic
Specialty course as per EVS standards-Bed cleaning	Bed cleaning – Maintaining EVS standards in new hallway bed cleaning protocol.
Specialty course as per EVS standards-Sharps Handling	Sharps Handling – Specific training to handle down stream sharps care in the hospital
Specialty Pharmacy – Code of Conduct and Other Attestations	Specialty Pharmacy employee attestation/acknowledgement for code of conduct and professional practice booklet
Specialty Pharmacy – Cultural Diversity	Overview of Cultural Diversity training for both patients and staff. This is specific for the Specialty pharmacy and used to meet accreditation standards
Specialty Pharmacy – Handling Patient Safety Concerns	Training on how to handle patient safety concerns within the specialty pharmacy
Specialty Pharmacy –Accreditation Quarterly Review Instructions	reiew of med risk assessmetns, quarterly quality meetings, and any updates to specialty program. Occurs quarterly
Specialty Pharmacy Health Literacy Training	Training on understanding patient health literacy and ways to ensure that all are able to understand written/other forms of communication
Specialty Training (provided by Quality Team)	Food Handler's Permit Course & Test every 3 years
Specialty Training (provided by Quality Team)	Portions-Retail Team
Specialty Training (provided by Quality Team)	Body Mechanics / Partial Lift Certification through Denise Marlow (PT)
Specialty Training (provided by Quality Team)	N95/PAPR Certification for use in airborne/droplet precaution rooms
Specialty Training (provided by Quality Team)	Morgue Tech Certification (being able to release decedents afterhours)
Specialty Training (provided by Quality Team)	Bariatric Bed Training (How to operate hand/foot controls)
Specialty Training (provided by Quality Team)	Specialty Bed Training (Sand Beds, OB Beds, Resp Beds, Opthalmic Stretchers)
Specialty Training (provided by Quality Team)	5 Minute Fix (Diagnosing and Repairing issues with Hill-Rom ICU beds)
Specialty Training (provided by Quality Team)	Wheelchair assembly/maintenance Certification
Specialty Training (provided by Quality Team)	MRI Safety Training
Specialty Training (provided by Quality Team)	CT Lateral Bed Transfer Training
Specialty Training (provided by Quality Team)	Trendelenburg Boost Training
Specialty Training (provided by Quality Team)	EPIC Transport Command Center Training (For Leads and PEM Team members)
Specialty Training (provided by Quality Team)	EVD (External Ventricular Drain) training
Specialty Training (provided by Quality Team)	Telemetry Transport Training
Specialty Training (provided by Quality Team)	ECMO Transport Training
Specialty Training (provided by Quality Team)	IV Pump Module/Patient Auxiliary Device Training (ALP, O2, Wound VAC, Pulse Ox, Call light, etc)
Specialty Training (provided by Quality Team)	Crash Cart/Central Services/Distribution Training
Specialty Training (provided by Quality Team)	AED Training
Specialty Training (provided by Quality Team)	Bed Lift Training (Bed Stacker)
Specimen Collection (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Specimen Collection from Urinary Bladder Aspiration: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Specimen Collection: Capillary Blood (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Capillary Blood Gases - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Drug and Alcohol - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Gastric Secretions for Occult Blood Analysis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Human Bite Mark Evidence - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Midstream (Clean-Voided) Urine - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Nose and Throat - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Nose and Throat (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Point-of-Care Urine Screen - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Sputum - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Sputum (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Stool - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Timed Urine Specimen - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Umbilical Cord Gas (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Urine from Indwelling (Foley) Catheter	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Urine from Indwelling (Foley) Catheter (Pediatric) CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Urine from Intermittent Catheterization (Pediatric)	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Urostomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Vaginal or Urethral Discharge - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Wound Drainage - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Collection: Wound Drainage (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Specimen Management for the Operating Room	Clinical Staff Education. Knowledge and skills based training specific to course and training topic
Specimen Management: OpTime RN Documentation	Knowledge and skills based training specific to course and training topic
Spina Bifida: Initial Care (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Spinal Cord Compression Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Spinal Motion Restriction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting and Bracing (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Air Splints - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Finger Immobilization - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: General Principles - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Knee Immobilization - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Pelvic - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Plaster and Fiberglass - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Plaster and Fiberglass (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Traction Splints - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Splinting: Vacuum Splints - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sponge Counts (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
SRS treatment	High dose treatments/radiosurgery
SST Moderate	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
SST Refresh	Elsevier - ECCO. Knowledge and skills based training specific to course and training topic
Staff Stress and Resilience - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Staff Stress and Resilience (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Staff-Splitting Patient Behaviors - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

TMS Mission, Vision & Dpt. Operational Goals: EPE, Quality & Finance	Knowledge and skills based training specific to course and training topic
Uniform Assigned / Dress Code Expectations	Knowledge and skills based training specific to course and training topic
Cell Phone Use / Parking / Personal Belongings	Knowledge and skills based training specific to course and training topic
Hospital Tour with Introduction to Leadership Team	Knowledge and skills based training specific to course and training topic
Time and attendance	Knowledge and skills based training specific to course and training topic
PTO, Payroll and Kronos	Knowledge and skills based training specific to course and training topic
PROMISE Standards	Knowledge and skills based training specific to course and training topic
Pulse, Valet Team Site, CIS, Microsoft Teams	Knowledge and skills based training specific to course and training topic
Customer Service Expectations & Practice	Knowledge and skills based training specific to course and training topic
Wayfinding all locations	Knowledge and skills based training specific to course and training topic
Valet tickets	Knowledge and skills based training specific to course and training topic
AVPM Red App, Blue App, Lot 67	Knowledge and skills based training specific to course and training topic
Ticketmaster	Knowledge and skills based training specific to course and training topic

Standardized Hazardous Drug Administration – Inpatient	Knowledge and skills based training specific to course and training topic
Standardized Hazardous Drug Administration – Outpatient	Knowledge and skills based training specific to course and training topic
Staple and Suture Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Staple Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Stem Cell Transplant & Bag Breakage Procedure	Nurse Educator. Knowledge and skills based training specific to course and training topic
Sterile Field Preparation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sterile Field: Maintaining Sterility (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterile Field: Moving Around (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterile Field: Setup (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterile Gloving - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sterile Gloving: Closed Method (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterile Gloving: Open Method (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterile Gown and Gloves (Closed Gloving) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sterile Speculum Examination (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sterile Vaginal Examination (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Sterilization in Ambulatory Areas	Nurse Educator. Knowledge and skills based training specific to course and training topic
Sterilization: Chemical (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterilization: Preparation of Instruments (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Sterilization: Steam (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Storage of Sterile Items	Nurse Educator. Knowledge and skills based training specific to course and training topic
Strata	Budgeting, Management Reporting Dashboard
Stroke Awareness	Required training. Provides education on noticing the signs and symptoms of a stroke and provides resources in the event a patient or employee experience a stroke event.
Stroke Overview	Nurse Educator. Knowledge and skills based training specific to course and training topic
Stroke Patient Education	Knowledge and skills based training specific to course and training topic
Stroke Tracer Post Test	Nurse Educator. Knowledge and skills based training specific to course and training topic
Stroke: Stroke Fundamentals	Knowledge and skills based training specific to course and training topic
Stroke: Stroke Risk Factors (30 minutes)	Knowledge and skills based training specific to course and training topic
Stroke: Responding to a Brain Attack	Knowledge and skills based training specific to course and training topic
Stroke: ROSIER/Brain Attack in the ED	Knowledge and skills based training specific to course and training topic
Student Orientation	Orientation for students completing clinical hours or hours specific to their degree. Reviews organization and department level policies and guidelines.
Subcutaneous Insulin Protocol for DKA	Nurse Educator. Knowledge and skills based training specific to course and training topic
Suctioning: Nasotracheal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Suctioning: Oropharyngeal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Suicide and Self-Harm Risks: Screening and Implementing Interventions	Suicide and Self-Harm Risks: Screening and Implementing Interventions
Suicide Assessment and Precautions - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Suicide in Rehab	Knowledge and skills based training specific to course and training topic
Suicide Risk, Screening, and Interventions - HCA	Knowledge and skills based training specific to course and training topic
Suicide Risk, Screening, and Interventions - RN	Knowledge and skills based training specific to course and training topic
Superior Vena Cava Syndrome Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Supervisor Program	An 8-module program designed to help new supervisors develop core leadership skills new supervisor can apply in day-to-day interpersonal relationships and processes. Topics covered include how to identify personal strengths, effective communication, effective coaching, inspiring others, effective adaptability, effective decision making, and resolving conflict.
Supervisor Training/New Leader Orientation – Leadership Essentials	This training is designed to equip new leaders with the knowledge and skills to assist in better understanding organizational policies and procedures, while introducing key principles that support the development of a positive and effective team culture. Topics covered include employee relations and leave administration, finance and budgeting, hiring and selection practices, establishing organizations culture and cultural transformation, resilience and support, and organizational development coaching.
Supervisor Training/UUHC Frontline Leader Development	This training combines concepts of Transformational Leadership and Operational Excellence to equip frontline leaders with the skills to lead both people and process effectively. Topics include Inspire a Shared Vision, Model Shared Values, Challenge the Process, Empower Others to Act, and Encourage the Heart.
Supervisors - employee annual review and goal setting	how to conduct reviews annually and provide feedback all year long, and set goals for the new year
Supervisors - Payroll	How to complete rosters, submit and approve exceptions, approve OT etc.
Support Surfaces - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Supporting Workplace Boundaries	Outlines professional and respectful workplace boundaries. Covers inappropriate behavior in the workplace, including misconduct, sexual harassment, etc. Provides tools for supporting professional boundaries.
Surgical Attire (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Errors Required Documentation	Attestation for tip sheet that outlines what to document, where to document, and why to document a surgical error event.
Surgical Gown and Gloves: Removing (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Gown: Donning Gown and Maintaining Sterility (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Hand Antisepsis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Surgical Hand Scrub (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Instruments: Care and Handling (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Instruments: Decontamination (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Instruments: Point-of-Use Cleaning (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Mask: Donning (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Mask: Removing (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Packs: Distribution to Sterile Field (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Packs: Maintaining Sterility (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Packs: Opening (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Packs: Validating Sterility (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Abdominal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Abdominal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Abdominal and Vaginal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Back (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Breast (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Cervical Spine (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Ear (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Ear (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Eye (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Eye (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic

Surgical Preparation: Face and Nose (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Face and Nose (Perioperative) - CE	Elsevier - Perioperative
Surgical Preparation: Foot and Ankle (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Hand (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Hip (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Kidney (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Knee (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Shoulder (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Thyroid (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Preparation: Vaginal (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Surgical Wound Classification (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Survivorship Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Symptom Management at End of Life - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Synchronized Cardioversion - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Synchronized Cardioversion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Syndrome of Inappropriate Antidiuretic Hormone (SIADH) Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
SYSTEM 1E Processing System (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Bispecific Education	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Bispecific Education	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Genomic Lecture	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Genomic Lecture	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Genomic Lecture	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Lung Exemplar	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Lung Exemplar	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Lung Exemplar	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Oral Chemo	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Oral Chemo	Knowledge and skills based training specific to course and training topic
Systemic Cancer Therapies Curriculum Oral Chemo	Knowledge and skills based training specific to course and training topic
Tableau reports	How we utilize the reports to improve our operations (room utilization, last apt. times etc.)
Targeted Temperature Management - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Targeted Temperature Management (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Targeted Therapies and Immunotherapy: General Principles (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tarlatamab	An educational session to go over tarlatamab complications, assessments, and nursing considerations.
Tarlatamab	An educational session to go over tarlatamab complications, assessments, and nursing considerations.
TBI module	Treatment of Total body for bone marrow transplant
Teaching Patients How to Use Ambulation Aids: Cane - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Teaching Patients How to Use Ambulation Aids: Crutches - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Teaching Patients How to Use Ambulation Aids: Walker - CE/NCPD	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tech-Check-Tech Training	Knowledge and skills based training specific to course and training topic
Terbutaline (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
The Importance of Medical Interpreters	Knowledge and skills based training specific to course and training topic
The S.T.A.B.L.E. Program Online Course, 6th Edition	Resuscitation Quality Improvement (RQI). Knowledge and skills based training specific to course and training topic
Therapeutic Apheresis - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Therapeutic Apheresis (Pediatric) CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Therapeutic Communication Using Trauma-Informed Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Therapeutic Phlebotomy - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thermal Management: Basic Concepts	Knowledge and skills based training specific to course and training topic
Thermoregulation in Neonates	Knowledge and skills based training specific to course and training topic
Thermoregulation: Delivery Room Care, Radiant Warmers, and Double-Walled Incubators (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Thoracentesis (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thoracentesis: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thoracentesis: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thoracentesis: Advanced Practice (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thoracentesis: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thoracic Vent Insertion and Removal: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Throat Specimen Collection - CE/NCPD	Throat Specimen Collection - CE/NCPD
Throat Specimen Collection (Ambulatory) - CE/NCPD	Throat Specimen Collection (Ambulatory) - CE/NCPD
Throat Specimen Collection (Pediatric) - CE/NCPD	Throat Specimen Collection (Pediatric) - CE/NCPD
Thrombocytopenia Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Thrombotic Thrombocytopenic Purpura Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
TLC (team lead curriculum)	TLC (team lead curriculum)
TLC – Team Lead Certification	a certification for EVS lead workers to better assist them in working with EVS staff that need additional support
TLU – Team Lead Utilization	a certification for EVS Supervisors to better assist them in working with EVS staff that need additional support
TLU (team lead utilization)	TLU (team lead utilization)
TNCC	designed to enhance the knowledge and skills of nurses caring for trauma patients
Tonometry - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tonometry: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tooth Preservation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Total Skin Electron	Treatment of total body using surface electrons
Tourniquet Application for Hemorrhage Control - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
T-Piece Adapter for Intubated Patients - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Trach Care and Suction setup	Caring for a patient with a trach; trach care and suctioning
Tracheostomy Care and Suctioning: Home Management Education - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Care and Suctioning: Home Management Education (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube Change - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube: Care and Suctioning - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube: Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube: Closed Suctioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube: Mechanical Ventilation: Closed Suctioning - CE/NCPD	Tracheostomy Tube: Mechanical Ventilation: Closed Suctioning - CE/NCPD
Tracheostomy Tube: Mechanical Ventilation: Open Suctioning - CE/NCPD	Tracheostomy Tube: Mechanical Ventilation: Open Suctioning - CE/NCPD
Tracheostomy Tube: Open Suctioning (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Tracheostomy Tube: Stoma Care and Tie Change (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Traffic Patterns (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Train the Trainer C.H.E.S.T.	Certify the trainer
Train the Trainer C.S.C.T.	Certify the Trainer
Trainee Scrubs Provisions	Brief explanation of how to obtain and return scrubs
Transducer System Setup and Zeroing - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transducer System Setup and Zeroing (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transesophageal Echocardiography - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transesophageal Echocardiography (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transfer - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transfer of Patients: Stretcher to Operating-Room Bed (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Transfer Technique: Assisting Patients from Bed to Chair - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transfer Technique: Assisting Patients to Sitting Position - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transfer Technique: Horizontal Transfer from Bed to Stretcher (Slide Board or Friction-Reducing Board) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transfer Technique: Using Mechanical Lifting Device - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Transition to BAWS	Knowledge and skills based training specific to course and training topic

Transplant 101 - Basic Education	Knowledge and skills based training specific to course and training topic
Transplant 101 - Inpatient Care	Knowledge and skills based training specific to course and training topic
Transplant 101 Basic Education	Basics about transplant education
Transplant 101 Inpatient care	Basic education about transplant associated with inpatient care
Transport safety	review policy, guidelines, equipment use, regarding unit to unit transport
Transporting a Patient with a Urinary Catheter	Nurse Educator. Knowledge and skills based training specific to course and training topic
Transporting a Patient with a Urinary Catheter	Nurse Educator. Knowledge and skills based training specific to course and training topic
Trauma in the Pregnant and Post-Partum Population	Knowledge and skills based training specific to course and training topic
Trauma Informed Care: Providing Compassionate Evidence-Informed Care for Infants, Mothers and Families	Knowledge and skills based training specific to course and training topic
Trauma Medications Webcast	Knowledge and skills based training specific to course and training topic
Trauma Narrator Guidebook	Emergency Department RN Expected Documentation during trauma
Trauma Psych Social Webcast	Knowledge and skills based training specific to course and training topic
Trauma Series Spinal Cord Injury	Knowledge and skills based training specific to course and training topic
Trauma Tracer (Recording) – Traumatic Brain Injury	Nurse Educator. Knowledge and skills based training specific to course and training topic
Trauma Tracer Lecture (Recording) – Emergency Care of the Burn Patient	Nurse Educator. Knowledge and skills based training specific to course and training topic
Trauma Tracer Lecture (Recording) - Spinal Cord Injury	Knowledge and skills based training specific to course and training topic
Trauma Tracer Lecture (Recording) - Trauma in the Pregnant and Post-Partum Population	Knowledge and skills based training specific to course and training topic
Trauma Tracer Lecture (Recording) - Trauma Medications	Knowledge and skills based training specific to course and training topic
Trauma Tracer Lecture (Recording) - Trauma Psych Social	Knowledge and skills based training specific to course and training topic
Trauma-Related Issues - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Travel OR RN Orientation	Nurse Educator. Knowledge and skills based training specific to course and training topic
Travel Surgical Tech Orientation	Nurse Educator. Knowledge and skills based training specific to course and training topic
Traveler Clinical Orientation - All Disciplines	Nurse Educator. Knowledge and skills based training specific to course and training topic
Traveler Clinical Orientation – RN	Nurse Educator. Knowledge and skills based training specific to course and training topic
Triage Class	Provides education on the preliminary assessment of patients or casualties in order to determine the urgency of their need for treatment and the nature of the treatment required. This also reviews EMTALA laws.
Trophon 2	LMS training on using Trophon 2 to disinfect ultrasound transducers
Trophon 2 High Level Disinfection Training	LMS module that directs you to Trophon website to complete video training, complete quiz, and get certification.
Trophon EPR High Level Disinfection Training	Knowledge and skills based training specific to course and training topic
Truebeam Operation and imaging	Basic functions of running a linear accelerator as well as imaging to treat patients with High dose radiation
TTP Moderate Sedation	This eqips participants with comprehensive skills and knowledge essential for administering moderate sedation, including its standards. This class will teach how to assess sedation levels using a two recognized monitoring systems, perform and demonstrate respiratory assessment and rescue techniques, and identify adverse reactions to commonly used sedation drugs. Also covers, accurate charting of procedures, and effective airway assessment and rescue.
Tuberculosis Education	Staff based training on Tuberculosis Education
Tuberculosis Education	Nurse Educator based education on Tuberculosis
Tuberculosis PPD Online Module	Knowledge and skills based training specific to course and training topic
Tumor Lysis Syndrome Management (Oncology) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
U of U Ethical Standards & Code of Conduct	Reviews University Ethical Standards and Code of Conduct. Requirement for specialty pharmacy accreditation
U of U Health Pharmacy Services Ethics Training and Code of Conduct	Reviews Pharmacy Services Ethical Standards and Code of Conduct. Requirement for specialty pharmacy accreditation
UDOT Certification	UDOT Certification training
UKG Schedule Manager - Basics	UKG scheduling
Ultrasound (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Umbilical Vessel Catheter Insertion: Advanced Practice (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Umbilical Vessel Catheter: Drawing Blood (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Umbilical Vessel Catheter: Removal (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Umbilical Vessel Catheter: Securing, Care, and Management (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Universal Protocol	creating a culture of safety; preventing wrong site surgery
Universal Protocol for Procedural Time-Out (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Universal Training - Benefits	Learning about all medical, dental, vision, prescription, life insurance and retirement options available to all employees
Universal Training - Direct Deposit	how to set up and the actual setting up of one's direct deposit
Universal Training - Exploring Employee Discounts	Showing new employees the discounts they get from being a University of Utah Health Employee

Universal Training - Ground Work	Learning Safety Codes that may be called overhead and what to do during each (i.e., Code Red (RACE & PASS), code yellow, code pink, and code purple. Learning passwords and logging, Learning the internet sites employees will most likely use here at the hospital.
Universal Training - KRONOS	Learning attendance and time keeping policies
Universal Training - Transportation	Learning to navigate the bus, tracks and university shuttles around campus, parking passes and locations to park around the hospital
Universal Training - Wayfinding	Ways we can navigate the University of Utah Hospital
University Of Utah Health Home-Based Care	Nurse Educator. Knowledge and skills based training specific to course and training topic
Unplanned Hypothermia Prevention (Perioperative) - CE	Elsevier - Perioperative. Knowledge and skills based training specific to course and training topic
Unplanned Hypothermia Prevention (Perioperative) - CE	Elsevier - Perioperative
Upgrade Disclaimer	IT Training
Urethral Specimen Collection: Discharge - CE/NCPD	Urethral Specimen Collection: Discharge - CE/NCPD
Urethral Specimen Collection: Discharge (Ambulatory) - CE/NCPD	Urethral Specimen Collection: Discharge (Ambulatory) - CE/NCPD
Urinal Use - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter Indications and Present on Admission	Knowledge and skills based training specific to course and training topic
Urinary Catheter Insertion	Knowledge and skills based training specific to course and training topic
Urinary Catheter Maintenance and Removal	Nurse Educator. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Closed Continuous (Foley) Irrigation - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Closed Continuous (Foley) Irrigation (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Condom and External Male - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: External Female	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: External Male - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: External Male with Suction - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Indwelling (Foley) Catheter Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Indwelling (Foley) Catheter Insertion (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Indwelling (Foley) Catheter Removal - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Indwelling (Foley) Catheter Removal (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Indwelling Insertion (Female) - CE/NCPD	Urinary Catheter: Indwelling Insertion (Female) - CE/NCPD
Urinary Catheter: Indwelling or Coud Insertion (Male) - CE/NCPD	Urinary Catheter: Indwelling or Coud Insertion (Male) - CE/NCPD
Urinary Catheter: Straight and Indwelling (Foley) Catheter Insertion and Specimen Collection (Female)	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Straight Insertion (Female) - CE/NCPD	Urinary Catheter: Straight Insertion (Female) - CE/NCPD
Urinary Catheter: Straight Insertion (Male) - CE/NCPD	Urinary Catheter: Straight Insertion (Male) - CE/NCPD
Urinary Catheter: Straight or Intermittent Urinary Catheterization	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Straight, Indwelling (Foley), and Coud Catheter Insertion and Specimen Collection (Male)	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Suprapubic Catheter Care - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Suprapubic Catheter Care (Pediatric) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Suprapubic Insertion and Replacement: Assisting - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Suprapubic Insertion: Advanced Practice - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urinary Catheter: Suprapubic Replacement - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urine Alkalinization Protocol	Review protocol to standardize the IV fluids used to achieve and maintain alkaline urine pH, to ensure patients receive continuous hydration throughout their treatment regimen to reduce risk of nephrotoxicity from high-dose methotrexate, and to expedite time to alkalinization of urine in patients receiving high-dose methotrexate.
Urine Alkalinization Protocol v2	Reviews process for Standard Urine Alkalinization for Hematology and Oncology Patients
Urine Specimen Collection: Straight Catheterization (Female) - CE/NCPD	Urine Specimen Collection: Straight Catheterization (Female) - CE/NCPD
Urine Specimen Collection: Straight Catheterization (Male) - CE/NCPD	Urine Specimen Collection: Straight Catheterization (Male) - CE/NCPD
Urine Specimen: Female Catheterization (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Urine Specimen: Male Catheterization (Neonatal) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
Using Propofol Safely During Moderate Sedation	Part of the high fidelity simulation lab focusing on nursing management of a moderate sedation procedure including safe use of the drug Propofol during the procedure
Using The ESC Care Tool in Care of Opioid-exposed Newborns	Knowledge and skills based training specific to course and training topic
USP Safe Handling of Hazardous Drugs	Knowledge and skills based training specific to course and training topic
USP Safe Handling of Hazardous Drugs	USP Safe Handling of Hazardous Drugs
Uterine Contractions: External Monitoring (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic

Uterine Contractions: Manual Palpation (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
UUH Registered Nurse Apprentice Program: Orientation for New Nurse Apprentices	Nurse Educator. Knowledge and skills based training specific to course and training topic
UUH Registered Nurse Apprentice Program: Preceptor Training	Nurse Educator. Knowledge and skills based training specific to course and training topic
UUHC Department of Transportation (DOT) Training	for Shipping Regulated Medical Waste
UUHC DOT - Department of Transportation	Required by DOT for proper handling, packing, storage and transport of Regulated medical waste, and required for signing bill of ladings
UUHC Frontline Leader Development	Leader training that provides skills and knowledge specific to being a leader at our organization.
Vacuum Extraction Birth (Maternal-Newborn) - CE	Elsevier Clinical Skills. Knowledge and skills based training specific to course and training topic
VAD Aware	Basics of Ventricular Assist Devices
VAD Aware	Public
VAD Doppler Blood Pressure FY 25	VAD Doppler Blood Pressure FY 25
VAD Doppler Blood Pressure FY 25	VAD Doppler Blood Pressure FY 25
